The Lighter Side Of Firefighting:

The Lighter Side of Firefighting Ben Hughes,2005 The Lighter Side of Firefighting is full of funny true stories fire department jokes pranks and gags Everything from flaming manure piles to chiefs throwing garden gnomes through windows

Firefighting the Blitz Aylmer Firebrace CBE KPM,2021-11-24 The former Chief Officer of London Fire Brigade offers his account of life in fire services in London and around Britain during World War II War was coming Everyone knew that confrontation with Nazi Germany was inevitable and that London was likely to be a prime target of Hitler s bombers So in January 1939 Aylmer Firebrace the Chief Officer of London Fire Brigade was seconded to the Home Office to plan for the capital s fire defence Before joining the Fire Brigade Aylmer Firebrace had been a Royal Navy officer who had fought in the Battle of Jutland during the First World War It was following the Armistice that in 1919 he became principal officer in the London Fire Brigade He was promoted to deputy chief and finally chief officer in June 1938 That war struck London soon enough but it was on 7 September 1940 that Firebrace s preparations were truly tested with the start of the Blitz For the next fifty seven days and nights London was subjected to the longest continuous bombing campaign in history Then as the Luftwaffe ranged wider and further across Britain s towns and cities Firebrace was tasked with toured the nation to see the effects of the bombing at which point he saw the need for a national response The result was the creation of the National Fire Service Formed in August 1941 by the amalgamation of some 1 600 separate brigades this remarkable organisation had at its peak a strength of 370 000 men and women It was led for its entire existence by Aylmer Firebrace As the war continued Firebrace became Chief of the Fire Staff and Inspector in Chief of the Fires Services being the first and to date only person to head all the fire fighting services in Britain This body had to deal with the expansion of the Blitz as well as the so called Baedeker raids the tip and run attacks Baby Blitz and V1 and V2 offensives of the later years of the war In his fascinating account written immediately the war Firebrace reflects on the functioning of the fire service at its most testing time This book is an essential addition to the understanding of the Blitz and how London and the rest of the country survived its darkest hour

Drawn by Fire Paul Combs,2010-09-01 Readers will find that this book is more than a collection of 156 fire service editorial cartoons Paul Combs is a gifted artist who uses his talent as a tool to express his passion for making a difference in the fire service the greatest job in the world

Courage High! Sally Holloway,1992 Kings princes dukes women and watermen have all played their part in the 1000 years of firefighting from the Romans to the present day recorded in this text The author has uncovered information on the Tudor auxiliary fire service the silence of the press over a Victorian prince s firefighting escapades and the government s long indifference to fire which resulted in the near destruction of London in the Blitz

Fire and Water Engineering ,1904

Pioneer Aviators of the World Hart Matthews,2003 Most people recognize brothers and bicycle mechanics Wilbur and Orville Wright as the first in flight and know that in 1903 on the blustery sand dunes of Kitty Hawk North Carolina they made history with a flying machine of their own invention But few other people know that the next aviator after the Wright brothers a Brazilian flew almost three years later and was nevertheless widely

credited as being the first in flight Or that a world famous escapologist a Hungarian made the first flights in Australia but afterwards never flew again Or that in Spain the first public display of a flying machine led to religious riots The first pilots from each of a hundred countries have their stories told in this work A brief biography and description of his or her attempts to fly are provided for each early aviator except in a very few cases where facts are hard to find For purposes of this book a flight is defined as that made by a heavier than air machine capable of taking off from ground level carrying a pilot who controls to some degree the ascent descent and path of the machine To be called successful the flight must be sustained past the point to which the machine s take off momentum would normally carry it through the air *Elementary Science Applied to the Firefighting Service* William Frederick Heisler,1942 **Hart's E&P.** ,2004 *The Fire Service, The Lighter Side* Chip McCormick Fire Chief Retired,2018-02-15 After twenty seven years in the fire service one would think they had seen everything possible but when you start thinking that things happen I cant tell you how many times Ive made the comment Now Ive seen it all Well I no longer utter those words because as sure as I do here comes something new And most of the time its totally out in left field And do I mean way out in left field almost out of the park I have chosen to write about the lighter side of the fire service People can do some really weird things Some seem like they make sense and others dont If you read one of the stories and it doesnt seem to make sense dont worry about it It probably didnt make sense to the person to whom it happened To the reader who has never worked in or been around the fire service I need you to understand that there are things in this book that may give the appearance that firemen are coldhearted and at times downright mean Please let me assure you that is not the case I should tell you there is very little blood and guts in this book If you need blood and guts put down this book and turn on the television Fire Engineering ,1994 *Coronet* ,1949 The Coevolution Quarterly ,1977 Fire and Water ,1900 **Sources for the History of London 1939-45** Heather J.
