[The Philosophy of Andy Warhol](#) Andy Warhol, 2019-07-18 The autobiography of an American icon I never think that people die They just go to department stores Andy Warhol American painter filmmaker publisher actor and major figure in the Pop Art movement was in many ways a reluctant celebrity Here in his autobiography he spills his secrets and muses about love sex food beauty fame work money

success New York and America and its place in the world But it is his reflections on himself his childhood in McKeesport Pennsylvania the explosion of his career in the Sixties and his life among celebrities from working with Elizabeth Taylor to partying with the Rolling Stones that give a true insight into the mind of one of the most iconic figures in twentieth century culture Andy Warhol 1928 1987 was an American painter filmmaker publisher actor and a major figure in the Pop Art movement He also produced a significant body of film work including the famous Chelsea Girls characterised the epoch with the now famous expression fifteen minutes of fame produced the first album by The Velvet Underground and was nearly killed just two days before the assassination of JFK If you enjoyed The Philosophy of Andy Warhol you might like 100 Artists Manifestos also available in Penguin Modern Classics Acute Accurate Mr Warhol s usual amazing candor A constant entertainment and enlightenment Truman Capote **Andy Warhol, Work and Play** Andy Warhol,Reva Wolf,2003 Andy Warhol and His Work Andy WARHOL,1987 *Andy Warhol: His Early Works, 1947-1959* Andy Warhol,1971 **Andy Warhol** Philippe Tretiack,Andy Warhol,1997 Andy Warhol first found success as an award winning commercial artist in New York He soon put the commercial techniques he learned as an illustrator to work in his now famous studio dubbed the Factory Appropriately enough the artist once said I want to be a machine reiterating the commercial serial themes displayed in his paintings Surrounding himself with a notorious coterie of assistants from drifters and junkies to musicians and poor little rich kids Warhol installed himself in his Factory which itself quickly became New York s most famous counter culture nucleus Ghostly pale and silver wigged Andy Warhol has become an icon himself an impenetrable enigma who became one of the most singularly identifiable figures of the turbulent sixties And while Warhol s work may be best known for its stark reflections of popular and commercial culture the artist did not hesitate to explore some of the more sinister traits of his era from war and criminality His grainy images of highway accidents and his serial panels of the handgun or the electric chair seem to drown emotion while at the same time recovering some of the shock power lost in the media s trivialization of disaster Warhol s work has been called both naive and sophisticated thought provoking and mindless superficial and profound and the furor he created refuses to die down more than a decade after the artist s death This book explores the paradox of Andy Warhol s life and work with flair and intelligence and brings all the vibrance humor and genius of his work into full view Andy Warhol ,2004 Cast a Cold Eye Boris Grois,2006-01-01
