Argument Writing as a Supplemental Literacy Intervention for At-Risk Youth Margaret Sheehy, Donna M. Scanlon, 2021-11-28 This volume details the development and initial evaluation of a supplemental literacy course intended to support at risk high school students in the US. Developed using design based research DBR the course combines argument writing and knowledge building literacy routines to support academic literacy development. Acknowledging the demand for US students to meet academic literacy standards that emphasize explanatory and argumentative writing the text foregrounds knowledge building as key to effective writing development. Chapters trace the development and implementation of course literacy routines designed using DBR and use whole class and individual case studies to demonstrate how informational reading discussion and argument writing become an activity system to support literacy development. Ultimately the text has important implications for literacy course design and the use of knowledge building analysis and DBR in research. The text will benefit researchers academics and educators in higher education with an interest in academic literacy education writing and composition and secondary education more broadly. Those specifically interested in methodologies relating to classroom teaching and learning as well as argumentation and argument writing will also benefit from this book.

The Future of Thinking Peter Washington *Ga*, Jeff Mason, Peter Washington, 2005-08-12 Adapts rhetorical exercises such as paraphrase and precis to give students a range of strategies for making sense of texts and encourages the development of practical critical skills in a wide range of humanities students.

A Classroom of Teenaged Readers Driek Zirinsky, Shirley Rau, 2001 B This exciting book helps teachers turn high school students into lifelong readers by approaching reading literature as a process and encouraging teachers to center their classroom on the student instead of focussing on the literature. A Classroom of Teenaged Readers explores how teenagers actually read and conveys the importance of knowing what interests teens and how they evolved as readers. By understanding a teen's reading history teachers can then create student centered literature classrooms that focus on the needs and interests of their students. High school English teachers
