The Divine Watchmaker Creator:

Deism Logan Gray,2024-10-22 Deism Spirituality Without Religion Deism Spirituality Without Religion is a gateway to a universe where the divine is not a being revealed in temples or scriptures but an enigmatic force that permeates the hidden order of the cosmos For great minds like Albert Einstein and Benjamin Franklin deism was the key to deciphering the mystery of a silent Creator who after establishing the immutable laws of the universe withdrew allowing creation to follow its own autonomous course For them it was in this infinite vastness in the laws governing the movement of the stars and in the complexity of life that the trace of the sacred was found This book does not offer ready made answers but opens doors to the unknown inviting the reader to leave behind the comfort of dogma and venture into a realm where true spirituality is discovered in pure reason and the contemplation of the unseen What Einstein glimpsed in the equations that unraveled the cosmos and Franklin intuited in crafting the principles of human freedom was not a God who listens to prayers but a hidden intelligence present in the subtlest details of nature Deism Spirituality Without Religion challenges the reader to get lost and found in a universe full of secrets where morality emerges not from commandments but from the very laws that sustain life As you turn each page you will be prompted to question what is truly sacred and to explore a path of profound discoveries where the distant and inaccessible Creator still whispers through the murmuring of the stars and the eternal dance of the atoms

The Making Sense of Politics, Media, and Law Gary Watt,2023-04-13 From Trump s make America great again to Johnson s build back better performative politicians use The Making Sense to persuade their public audiences Law makers do it too A courtroom trial is a truth factory in which facts are not found but forged The court of popular opinion is another such factory though its processes are often flawed and its products faulty Where courts of law aim to make civil peace trial by Twitter makes civil strife Even in mainstream media journalists make news for public consumption so that all news is to an extent fake news In a world of making how can we separate craft from craftiness With insights from disciplines including law politics rhetoric media studies psychology sociology marketing and performance studies The Making Sense of Politics Media and Law offers a constructive way to approach controversies from transgender identity to cancel culture This title is also available as open access on Cambridge Core

Does God Exist? Mark Corner,2015-06-04 Do people talking about God know what they are talking about Are they all talking about the same thing How do different religions approach the existence of God Can God s existence be proved And even if it can is God necessarily good Does God Exist sets out to provide a lively and readable introduction to the main issues of theism and atheism Taking care to avoid theological jargon Mark Corner provides a fresh look at the question that has always been at the very root of philosophy His arguments provoke further interest as a source of new ideas
