The Interpretation Of Holy Scripture:

The Interpretation of Holy Scripture Walter M. G. Gilbert, 1940 *Reading Sacred Scripture* Stephen Westerholm, Martin Westerholm, 2016-02-08 A rich display of the Christian tradition's reading of Scripture Though well known and oft repeated the advice to read the Bible like any other book fails to acknowledge that different books call for different kinds of reading The voice of Scripture summons readers to hear and respond to its words as divine address Not everyone chooses to read the Bible on those terms but in *Reading Sacred Scripture* Stephen and Martin Westerholm father and son invite their readers to engage seriously with a dozen major Bible interpreters ranging from the second century to the twentieth who have been attentive to Scripture's voice After expertly setting forth pertinent background context in two initial chapters the Westerholms devote a separate chapter to each interpreter exploring how these key Christian thinkers each understood Scripture and how it should be read Though differing widely in their approaches to the text and its interpretation these twelve select interpreters all insisted that the Bible is like no other book and should be read accordingly *An Introduction to the Critical Study and Knowledge of the Holy Scriptures* Thomas Hartwell Horne, 1835 *The Interpretation of the Bible* Joze Krasovec, 1999-10-01 This unique volume nearly 2000 pages in length and handsomely printed on Bible paper is perhaps the most comprehensive scholarly work of our time on the translation and interpretation of the Bible At its core are papers presented to an international symposium in Ljubljana in September 1996 to mark the publication of the new Slovenian version of the Bible a landmark in Slovene identity and cultural life In addition its distinguished editor Joze Krasovec has commissioned a wide range of contributions devoted to translations of the Bible in many languages including the Slavonic languages Croatian Czech Hungarian Polish and the Scandinavian languages The 82 chapters in this work mostly in English are divided into three parts Part I on ancient translations and hermeneutics of the Bible contains contributions by M E Boismard S P Brock K J Cathcart R P Gordon L J Grech M Hengel O Keel J Lust E Tov and others with a notable comprehensive bibliographic survey of oriental Bible translations from the first millennium by M van Esbroeck Part II on Slavonic and other translations of the Bible includes the first detailed study of the history of the Slavonic Bible by Francis J Thomson over 300 pp Part III with essays by such scholars as J H Charlesworth D J A Clines J Gnilka M Grg N Lohfink and A C Thiselton concerns the interpretation of the Bible in translation philosophy theology art and music In an appendix a complete list of printed Bibles in languages throughout the world is presented for the first time *A Course of Lectures on the Figurative Language of the Holy Scripture* William Jones, 1787 **Interpretation; rules and principles assisting the reading of the holy Scriptures** Samuel Richard Bosanquet, 1874 *A General and Critical Introduction to the Study of Holy Scripture* A. Today's interest in the question of the meaning of Scripture has roots in controversies as old as the Christian Church itself. This book examines the principal methods which Christians have used to interpret the Bible with attention to their effect on the life and thought of the Church. Its concern is with the times at which significantly new developments took place beginning with the interpretation of the Old Testament by Jesus and Paul. Special attention is given to the early and formative period of Christian history followed by consideration of the schools of Alexandria and Antioch, the medieval period, the Reformation, the Enlightenment, the nineteenth century, and a final chapter on recent developments.
