Trinity In Asian Perspective:

The Trinity in Asian Perspective Jung Young Lee,1996 In order to grasp this fact we need different conceptual categories not only with which to view God but all of reality [Asian Christian Theology](#) Timoteo D. Gener,Stephen T. Pardue,2019-07-31 Asian Christian Theology provides a survey of contextually reflective robustly evangelical theology for students to engage with the core doctrines of Christianity and their outworking in different cultures across Asia The contributors of the chapters come from all corners of Asia to systematically examine traditional doctrinal themes and contemporary concerns for the Asian church Ideal for use as a companion textbook in Asian seminaries and institutions this book will also provide excellent further reading for those outside of Asia seeking global theological perspectives and for those in contexts of significant Asian diaspora Many excellent books surveying theology exist but this book is a major step forward for students and scholars seeking to understand the dynamic environment of evangelical theology in Asia **The Trinity** Veli-Matti Kärkkäinen,2007-01-01 Unique for its breadth in studying theologians not only from Europe and North America but also from Latin America Asia and Africa this landmark volume introduces the doctrine of the Trinity examining the work and thought of contemporary theologians throughout the world Veli Matti Karkkainen provides an overview of the biblical roots of the doctrine discussing both the idea of plurality in God in the Old Testament and the rise of Trinitarian understandings in the New Testament He details the historical growth of Trinitarian traditions and delves into specific theologies both Western and non Western Also including both an introductory consideration of the doctrine s significance and a concluding assessment and agenda for future thought Karkkainen sThe Trinityis the broadest and most comprehensive contemporary study on the Trinity available **The Trinitarian Dharma** Pabitra Mani Bhandari,2025-02-25 As the gospel continues to spread to the farthest corners of the world the Christian faith encounters an array of diverse cultures religions philosophies and belief systems This encounter serves as a catalyst for transformation as Christianity both influences and is influenced by the new frontiers it reaches The book at hand endeavors to explore this dynamic process particularly focusing on the Trinitarian theology as a potent force for transformation Moreover it seeks to uncover the resonance between Christian concepts and the rich tapestry of Dharma thereby enhancing our understanding of the Trinity In essence this book serves as a pivotal example of how abstract theological ideas can be made relevant and meaningful in the context of a multicultural and multireligious world It embodies an approach to Christian theology that is both interreligious and interdisciplinary emanating from a global Christian perspective that embraces diversity and dialogue [Christianity Outside the Church](#) Jae Yang,2024-02-12 Building on the work of German theologian Wolfhart Pannenberg 1928 2014 this book develops a Pannenbergian public theology [Majority World Theology](#) Gene L.
