When Victims Meet:

Victim Meets Offender Mark Umbreit, 2023-09-14 Victim Meets Offender 1993 is truly a seminal publication in the restorative justice movement. It represents the first multi-state empirical study of the impact of restorative justice dialogue through the first and most widely used restorative justice practice, namely, victim-offender mediation, also referred to as victim-offender reconciliation, victim-offender conferencing, or victim-offender dialogue. Examining programs in California, Minnesota, New Mexico, and Texas, this book provides comparison group data on client satisfaction, victim perceptions of fairness, and completion of restitution. Recidivism data is also included. After more than three decades, Umbreit's seminal publication remains the most widely cited restorative justice study and has influenced policy development and practice in North and South America, Europe, Africa, Asia, and the Middle East. *New Visions of Crime Victims* Carolyn Hoyle, Richard Young, 2002-08-14 This innovative collection presents original theoretical analyses and previously unpublished empirical research on criminal victimisation. Federal Probation, 1996 **Routledge International Handbook of Restorative Justice** Theo Gavrielides, 2018-07-27 This up-to-date resource on restorative justice theory and practice is the literature's most comprehensive and authoritative review of original research in new and contested areas. Bringing together contributors from across a range of jurisdictions, disciplines, and legal traditions, this edited collection provides a concise but critical review of existing theory and practice in restorative justice. Authors identify key developments, theoretical arguments, and new empirical evidence, evaluating their merits and demerits before turning the reader's attention to further concerns informing and improving the future of restorative justice. Divided into four parts, the Handbook includes papers written by leading scholars on new theory, empirical evidence of implementation, critiques, and the future of restorative justice. This companion is essential reading for scholars of restorative justice, criminology, social theory, psychology, law, human rights, and criminal justice, as well as researchers, policymakers, practitioners, and campaigners from around the world. **Proceedings of the Annual Meeting of the Association ...** Ohio State Bar Association.
