Introduction to Classical Legal Rhetoric Michael H. Frost, 2017-03-02 Lawyers law students and their teachers all too frequently overlook the most comprehensive adaptable and practical analysis of legal discourse ever devised the classical art of rhetoric Classical analysis of legal reasoning methods and strategy is the foundation and source for most modern theories on the topic Beginning with Aristotle s Rhetoric and culminating with Cicero s De Oratore and Quintilian s Institutio Oratoria Greek and Roman rhetoricians created a clear experience based theoretical framework for analyzing legal discourse This book is the first to systematically examine the connections between classical rhetoric and modern legal discourse It traces the history of legal rhetoric from the classical period to the present day and shows how modern theorists have unknowingly

benefited from the classical works It also applies classical rhetorical principles to modern appellate briefs and judicial opinions to demonstrate how a greater familiarity with the classical sources can deepen our understanding of legal reasoning
