Healing The Bereaved Child Alan Wolfelt,2013-12-19 First published in 1996 One spring morning a gardener noticed an unfamiliar seedling poking through the ground near the rocky untidy edge of his garden So begins the parable that sets the tone for this inspiring heartfelt new book for caregivers to bereaved children By comparing grief counseling to gardening Dr Wolfelt frees caregivers of the traditional medical model of bereavement care which implies that grief is an illness that must be cured He suggests that caregivers instead embrace a more holistic view of the normal natural and necessary process that is grief He then explores the ways in which bereaved children can not only heal but grow through grief *Healing the Bereaved Child* also contains chapter after chapter of practical caregiving guidelines How a grieving child thinks feels and mourns What makes each child's grief unique
