States, Markets, Families Julia S. O'Connor, Ann Shola Orloff, Sheila Shaver, 1999-01-28 The 1990s have seen dramatic restructuring of state social provision in the US the UK Canada and Australia This has occurred largely because of the rise of market liberalism which challenges the role of the state This important book examines the impact of changes in social policy regimes on gender roles and relations Structured thematically and systematically comparative it analyses three key policy areas labor markets income maintenance and reproductive rights Largely driven by issues of equality it considers the role of the state as a site for gender and sexual politics at a time when primacy is given to the market developing an argument about social citizenship in the process Eminent scholars in the field Julia O Connor Ann Orloff and Sheila Shaver make a landmark contribution to debates about social policy and gender relations in this era of economic restructuring and deregulation
