The Hanging Tree Kristy Thomas,2016-01-03 Ester is an older African American woman who begins the scene in her late seventies humming and standing underneath The Hanging Tree in the downtown square of Mansfield TX where she was born and raised This tree represents the death of hundreds of African American men women and children that were hung in this city for as long as time can remember In 1957 one of its victims was Ester s son Toby He was determined to integrate the local high school so with a group of his friends they protest at the doors of the school Men from the city arrive and beat all of them but Toby was the ringleader and they took him downtown and hung him Ester comes to this tree very often just to feel like she is in the presence of her son She goes from present time back to the night that the murder happened remembering all of the things that she did that night to try and support her son while being a mother in a vital time of American history Ester is a strong woman and her story is unlike any that has been told of a time in our history that we can never forget This is just a snapshot her moment in time that forever shaped who she was as a woman and as a mother The moment that she watched her son swing from The Hanging Tree *The Hanging Tree* David Lambkin,1998-06-01

Palaeontologist Kathryn Widd is in the Kenyan wild investigating hominid skull fragments She becomes intrigued by a 1908 safari and the British nobleman who died mysteriously The further she probes the more deeply she is drawn into past lives and ancient mysterious forces of violence When palaeontologist Kathryn Widd is called to the Kenyan wilderness to investigate a set of hominid skull fragments she little suspects how profoundly the journey will change her As she studies the ancient fossils she becomes intrigued by the tale of a 1908 safari and the British nobleman who died mysteriously near the site of her dig The further she probes the more deeply she is drawn into past lives and a world turned upside down by ancient mysterious forces of violence Surrounded only by the vast wasteland of African desert her forgotten sexuality is gradually reawakened first by Marion Macmillan the neglected wife of Kathryn s alcoholic colleague then by the mystic nomad Daniel Tregallion As the academic significance of the findings begins to attract worldwide attention Kathryn finds herself drawn into a vortex of dark passion native curses and devastating political violence

The Hanging Tree V. A. C. Gatrell,Vic Gatrell,1994 BL The first book to explore what people felt about public execution during its heyday in England BL Provides a gripping exploration of the meaning and role of capital punishment in society BL Draws on various sources letters diaries ballads broadsides and images of the time *The Hanging Tree (also Published As DI)* Kristy Thomas,2024-12-16 Ester is an older African American woman who is sitting by a tall tree She looks at the tree reflecting on life She touches the tree as if the life of someone she loved was growing within its roots and this is true She begins to tell her story of the reason that this tree is so important It is the last Hanging Tree in the Texas city of Mansfield It is the tree that many years ago her son Toby was hung from one of the branches In a time in American history when African American people were fighting for their

freedom to live as any free men and women many people of all ages took to the streets to march in protest Against Ester s better judgment Toby participates in a march and ends up hanging fruit from a tree that is now standing in the middle of the downtown square on display as a symbol of the past for many in the city But for Ester it is a place where she can connect with her son who was taken from her long before his time Ester s reality of the situation is a sobering vision of a mother s grief and how it is possible to experience the great loss of your life and still move forward [The Hanging Tree](#) Paul Stewart,1998

Class, Servitude, and the Criminal Justice System in Early Victorian London Allyson N. May,2024-09-18 This volume draws on the recently discovered and extraordinarily rich scrapbook compiled by prosecuting solicitor Francis Hobler about the 1840 murder of Lord William Russell to consider public engagement with the issues raised from discovery of the murder itself through the ensuing legal processes The murder of Russell by his valet Francois Benjamin Courvoisier was a cause célèbre in its own day by virtue of the fact that the victim was a member of one of England s most prominent political families For criminal justice historians the significance of this case lies instead in its timing In 1840 England had neither an official detective force to investigate the murder nor a public prosecutor to undertake the prosecution Those accused of felony had only recently 1836 won the right to full legal representation and the conduct of Courvoisier s defence was controversial Reaction to Courvoisier s execution was also noteworthy testifying to a new public unease with capital punishment The subject of master and servant relations in early Victorian England is another key component of the book previous studies have not considered the murderer s motivation This book will be of interest to students and scholars of criminal justice and law Victorian England and microhistory
