The Promised Folly:

The Promised Folly Judith Hall, 2003-03-14 If as Oscar Wilde said nothing ages like happiness then nothing rejuvenates like a pursuit That is certainly the American way and in *The Promised Folly* Judith Hall takes a fresh look at our American pursuits and supreme fictions She explores the folly that follows mere existence and gives it back to her readers in different voices Venus Walt Whitman Julius Caesar Ma Rainey voices that contain multitudes Whitman will become Falstaff for example and Venus becomes Mars Absurdities and incongruities such as these constitute for Hall opportunities for lyric pleasure The resulting poems are puckish sumptuous and austere by turns and not incidentally compassionate **Folly's Gate** James Blyth, 1911 **Folly's Bride** Jane Peart, 1990 Volume 4 **The Reconciling Wisdom of God** Adam J. Johnson, 2016-08-17 In *The Reconciling Wisdom of God Reframing the Doctrine of the Atonement* Adam Johnson already a leading scholar of the atonement considers God's redemptive work in Christ through the atonement as an act of God's infinite wisdom In making this crucial turn Johnson is able to speak to proponents of the various atonement theories and move the discussion forward in a new direction grounded in the truth of God's infinite wisdom Genuinely reframing the debate around the atonement *The Reconciling Wisdom of God* is a must read for students of the atonement **The Promise of 'Kingdom Come'** John O'Loughlin, 2022-06-02 *THE PROMISE OF KINGDOM COME* extends the cyclical style metaphysical of John O'Loughlin's philosophizing beyond where it left off with *The Totality of Nature 2000* investigating the dichotomy between sensuality and sensibility from a gender specific standpoint in relation to the usual distinctions between will and spirit on the one hand and ego and soul on the other and outlining the terms of salvation and damnation for both males and females **The Promised Land** Mary Antin, 1912 *Redeeming Words and the Promise of Happiness* David Kleinberg-Levin, 2012-08-31 This book boldly crosses traditional academic boundaries offering an original philosophically informed argument about the nature of language reading and interpreting the poetry of Wallace Stevens and the novels of Vladimir Nabokov *Redeeming Words and the Promise of Happiness* is a work both in literary criticism and in philosophy The approach is strongly influenced by Walter Benjamin's philosophy of language and Theodor Adorno's aesthetic theory but the other philosophers notably Plato Kant Hegel Emerson Nietzsche Heidegger and Wittgenstein figure significantly in the reading and interpretation Kleinberg Levin argues that despite its damaged corrupted condition language is in its very existence the bearer of a utopian or messianic promise of happiness Moreover he argues by reconciling sensuous sense and intelligible sense showing the sheer power of words to create fictional worlds and deconstruct what they have just created and redeeming the revelatory power of words the power to turn the familiar into something astonishing strange or perplexing the two writers in this study sustain our hope for a world of reconciled antagonisms and contradictions evoking in the way they freely play with the sounds and meanings of words some intimations of a new world but our world here this very world not some heavenly world in which the promise of happiness might be redeemed Reflecting on the poetry of Stevens Kleinberg

Levin argues that the poet defies the correspondence theory of truth so that words may be faithful to truth as transformative and revelatory. He also argues that in the pleasure we get from the sensuous play of words there is an anticipation of the promise of happiness that challenges the theological doctrine of an otherworldly happiness. And in reading Nabokov Kleinberg Levin shows how that writer inherits Mallarmé's conception of literature causing with his word plays the sudden reduction of the fictional world he has just created to its necessary conditions of materiality. The novel is revealed as a work of fiction we see its conditions of possibility created and destroyed before our very eyes. But the pleasure in seeing words doing this and the pleasure in their sensuous materiality are intimations of the promise of happiness that language bears. Using a Kantian definition of modernism according to which a work is modernist if it reveals and questions inherited assumptions about its necessary conditions of possibility these studies show how and why both Stevens and Nabokov are exemplars of literary modernism.

Tinsley's Magazine, 1869 *Mind; Or More Than Matter. A Spirit Drama in Three Acts [and in Verse]*. By Pro and Con, 1873 **Wise King, Royal Fool** Johnny Miles, 2004-04-01 This study focuses on a reading of Proverbs 19 as satire and argues that it alludes to two points of critique against Solomon his political policy of socio-economic injustice and his numerous sexual indiscretions. That Solomon abandoned his divinely proscribed duty only evinces his lack of fear of Yahweh. First Solomon demonstrates his lack of discernment by an inability to rule with righteousness justice and equity because of administrative policies that bled the innocent dry of their resources for his own self-aggrandizement. Second Solomon's sexual behavior reflects his need of Wisdom as the personification of eroticism. The absence of the fear of Yahweh in Solomon prompts the poet's reproof in Proverbs 19 that he should resume his proper role of Torah meditation. How the son responds to the decision posed to him remains decidedly open ended since satire generally offers no denouement to its plot. Nevertheless the signs of this satiric poetry intimate the wise king as a royal fool. **"E.J.W. Gibb Memorial" Series**, 1930 **The great western mystery; or, From the Caucasus to the 'caucus'**.
