

TRANSITIONS FOR EXAMPLES

When transitioning to examples, we can simply use the term "for example", but over time, this word starts to feel tedious and repetitive in our writing.

OVERVIEW

Transition words help your essays flow more easily and act as signposts for your reader so they know when you're moving from one part of an essay to another. In examples specifically, you want to demonstrate that you're transitioning to a real-life situation that's going to shed further light on the previously mentioned point.

EXAMPLES

- For instance
- As an illustration
- Specifically
- To demonstrate
- Take, for instance
- A case in point
- An illuminating example
- As an exemplar

Women And Language In Transition

Brendan G. Carr

Women And Language In Transition:

Women and Language in Transition Joyce Penfield, 1987-08-01 This collection of essays deals with the interplay of language and social change asking the question How can language and society be made gender equal The contributors examine the critical role of language in the lives of white women and women of color in the United States Since language pervades many dimensions of women s lives this study takes a multi disciplinary approach to the issues considered The volume is divided into three sections The first Liberating Language focuses on the active role women had in altering the extent of linguistic sexism in English during the 1970s A second section Identity Creation deals with the alteration of that portion of language which serves to name women and their experiences The final section Women of Color offers a rare and timely look at the particular problems confronted by minority women It argues that women of color have different problems and different links to language than white middle class women

Women Changing Language Anne Pauwels, 1998 It considers what forms of sexism are found in language and whether these differ among languages It also looks at how sexist language can be changed and evaluates the effectiveness of these reforms

Gender and Sexual Identities in Transition Patricia Bou, José Santaemilia, 2009-05-05 The aim of this volume is to offer an international panorama of gendered and sexualised experiences with new and original data collected from a variety of cultural settings and sociopolitical contexts We look at many parts of the world Japan Sweden Poland Cyprus Spain US Australia Canada Hungary with different assumptions and expectations often revealing various research practices and traditions Gendered or sexualized discourses are unstable constructions in permanent transition in a perpetual struggle to gain social legitimacy and to counter the workings of opposite discourses They constitute privileged vantage points from which one can observe and judge power relationships New identities are created and reproduced refused and challenged This volume explores among other issues the perpetuation of hegemonic masculinity in Evangelical universities the pharmaceutical industry s promotion of biometaphors involving a shopping strategy which revolves around compulsory heterosexuality the perpetuation of Greek Cypriot men s sexual superiority over women the Catholic Church s attempt to impose a restrictive view of religion and of sexual ethics the consolidation of American TV shopping channels as a setting where middle class femininity and consumption are linked stereotypically the negotiation of gender and sex related norms in groups of British Bangladeshi girls Even heterosexuality as the unmarked form of sexual identity and the primary site for the reproduction of gender difference needs to reassert its normative and prescriptive status maybe through the silent workings of tradition By suggesting the concept of transition we resist seeing the idea of identity as a fixed and definitive category Gender and sexual identities are never at rest One is never finished developing into a woman or a man or any other gender sexual identity Contributors include Joan Pujolar Andrea Simon Maeda Allyson Jule Stina Ericsson Agnieszka Kie kiewicz Janowiak Joanna Pawelczyk N ra Schleicher Elli Doukanari Pilar Garc s Conejos Lidia Tanaka Jos Santaemilia and Pia Pichler
