## **Framework Automation Remote Work:**

**Beyond the Framework** Jeremy Berriault ,2024-08-22 Beyond Framework is a comprehensive guide developed and refined over the years demonstrating its effectiveness in organizations striving for agility This book goes beyond simply implementing a framework diving deep into creating a truly agile environment In the business context agile refers to the ability to respond rapidly to changing market conditions customer requirements and competitive pressures It necessitates adopting a mindset and fostering a culture that promotes adaptability creativity and collaboration *AI Business for Everyone* Michael T. Murphy, AI income strategies that actually work for YOUR life This 1 000 page manual guide delivers hyper personalized passive income roadmaps for 15 demographics parents retirees freelancers everyone With 2 100 ready to use prompts case studies exposing costly pitfalls and aggressive 30 day action checklists you ll build your 1 000 monthly automated income while others just read about AI While others debate whether AI will take their jobs smart individuals across every demographic are quietly building automated income streams generating thousands monthly This isn t another generic make money with AI guide assuming everyone s a tech savvy twenty something This is the first truly democratized roadmap to AI wealth crafted for YOUR specific situation Whether you re a stay at home parent squeezing work between school runs a retiree navigating technology a burned out freelancer seeking leverage or an influencer fighting algorithm changes this 1 000 page manual guide delivers hyper personalized strategies for your unique circumstances Each of fifteen demographic focused chapters weaponizes your specific advantages and turns perceived limitations into competitive edges What sets this guide apart is relentless practicality This isn t theoretical exploration it s a bootcamp Every chapter demands action through implementation checklists leaving zero room for procrastination You ll launch micro businesses during naptime automate client work during lunch breaks and build passive income streams aligned with your lifestyle constraints At its heart lies an arsenal of 2 100 battle tested prompts categorized by industry and demographic needs These aren t generic templates they re precision engineered tools transforming ChatGPT and Claude into your personal workforce From healthcare practitioners needing HIPAA compliant content to pet entrepreneurs dominating Instagram every prompt delivers immediate monetizable results Through detailed case studies you ll witness actual people not gurus building sustainable AI businesses Meet the seventy year old launching an AI consulting firm the exhausted mom automating her way to 3 000 monthly the weekend hobbyist whose Chrome extension generates 5 000 monthly Crucially you ll learn their failures and costly mistakes too This isn t success theater it s unvarnished truth about building AI income Every chapter follows an aggressive thirty day timeline transforming overwhelming possibilities into daily actions Week one tool setup and niche selection Week two minimum viable product Week three testing and refinement Week four launch and scale The structure pushes you from zero to revenue through forced accountability and relentless momentum Specialized sections address challenges facing regulated industries and creative professionals Healthcare practitioners monetize expertise while

maintaining ethical boundaries Artists discover how AI enhances rather than replaces creativity Educators transform teaching skills into automated course empires Small business owners multiply revenue without multiplying headcount This isn't about replacing human creativity with artificial intelligence It's about amplifying existing advantages through strategic automation The book teaches you to identify unfair advantages whether life experience professional network or availability during odd hours and systematically convert them into income generating systems working while you sleep parent travel or pursue passions The comprehensive prompt library eliminates the learning curve allowing immediate implementation Action checklists ensure you're not just reading but doing Real world examples show both spectacular wins and cautionary tales preparing you for every scenario Join thousands discovering the AI gold rush isn't just for Silicon Valley insiders Your demographic isn't a limitation it's your secret weapon in the 72 billion AI economy Stop watching Start building Your automated income stream awaits

*Resource Peripheries in the Global Economy* Felipe Irarrázaval, Martín Arias-Loyola, 2021-10-11 This book discusses the conditions that underpin configuration of specific places as resource peripheries and the consequences that such a socio spatial formation involves for those places The book thereby provides an interdisciplinary approach underpinned by economic geography political ecology resource geography development studies and political geography It also discusses the different technological political and economic changes that make the ongoing production of resource peripheries a distinctive socio spatial formation under the global economy Through a global and interdisciplinary perspective that uncovers ongoing political processes socio economic changes and socio ecological dynamics at resource peripheries this book argues that it is critical to take a more profound appraisal about the socio spatial processes behind the contemporary way in which capitalism is appropriating and transforming nature
