The Guilty Environmentalist:

The Guilty Environmentalist Arthur O'Donnell, 2003 The Guilty Environmentalist is a collection of essays musings and political fantasies from award winning humorist and energy journalist Arthur O'Donnell Join the Guilty Environmentalist as he trips lightly through this exploration of the history and foibles of the electric utility industry from the very beginnings of the Age of Electricity to the aftermath of California's most recent energy crisis Selected from the best of the Bottom Lines columns carried in the nationally acclaimed California Energy Markets newsletter over the past decade The Guilty Environmentalist provides a unique and frequently hilarious perspective on a crucial industry that most people take for granted until the lights go out

Fittingness and Environmental Ethics Michael S. Northcott, Steven C. van den Heuvel, 2023-02-24 This volume focuses on fittingness as an ethical aesthetic idea and in particular examines how the concept is beneficial for environmental ethics It brings together an innovative set of contributions to argue that fittingness is a significant but under investigated facet of human ethical deliberation with both ethical and aesthetic dimensions In widely diverse matters from architecture to table manners individuals and communities make decisions based on fittingness also expressed in related terms such as appropriateness prudence temperance and mutuality In the realm of environmental ethics fittingness denotes a relation between conscious embodied persons and their habitats and is of relevance to judgements about how humans shape and take up with the non human environment and hence to ethical decisions about the development and use of the environment and non human creatures As such fittingness can be of great benefit in reframing human relationships to the non human stimulating a way of living in the world that is fitting to the preservation of its fruitfulness goodness beauty and truth

Spirit of the Environment David E Cooper, Joy A Palmer, 2004-06-02 Spirit of the Environment brings spiritual and religious concerns to environmental issues Providing a much needed alternative to exploring human beings relationship to the natural world through the restrictive lenses of science ecology or even morality this book offers a fresh perspective to the field Spirit of the Environment addresses the environmental attitudes of the major religions the relationship between art and nature the Gaia hypothesis the non instrumental values which have inspired environmental concern Contributors range from a variety of disciplines including philosophy comparative religion education and social anthropology providing students with an intriguing survey on the role that spirituality and religion play in nature This is a vital collection for those eager to examine the relationship between the spiritual and the environment

Environmental Beliefs in History Isabella Gagliardi, This volume is the result of a collaboration among three European universities committed to a more sustainable and ethically sound future From an interdisciplinary perspective that combines history theology and law the book explores how ecological crises are intertwined with cultural practices beliefs and legal systems It offers a critical examination of topics ranging from spiritual worldviews and environmental justice to cultural heritage and activism The texts draw not only on academic research but also on the authors personal experiences Instead of prescribing

solutions to the reader the aim is to encourage readers to engage in reflection and dialogue themselves In addition the position of the university as a transformative space for ecological and ethical learning in the Anthropocene is highlighted

The Jurisdynamics of Environmental Protection Jim Chen,2003 On November 1 and 2 2002 the University of Minnesota Law School and the University of Minnesota s Consortium on Law and Values in Health Environment and the Life Sciences sponsored a symposium in honor of Professor Daniel A Farber s contributions to environmental law The resulting symposium The Pragmatic Ecologist Environmental Protection as a Jurisdynamic Experience was published in volume 87 of the Minnesota Law Review The Environmental Law Institute has now combined the proceedings of The Pragmatic Ecologist with additional contributions from many other leading scholars The Really Inconvenient Truths Iain Murray,2008-04-01 Lambasting liberal politicians for hypocrisy discusses seven disastrous results of the environmental movement from the use of ethanol leading to global hunger to the polluting effects of contraceptive drugs **CBSE Sociology (with Mind Maps)**
