*The Problem of Ritual Efficacy* William Sax, Johannes Quack, Jan Weinhold, 2010-01-15 How do rituals work Although this is one of the first questions that people everywhere ask about rituals little has been written explicitly on the topic In *The Problem of Ritual Efficacy* nine scholars address this issue ranging across the fields of history anthropology medicine and biblical studies For modern people the very notion of ritual efficacy is suspicious because rituals are widely thought of as merely symbolic or expressive so that by definition they cannot be efficacious Nevertheless people in many cultures assume that rituals do indeed work and when we take a closer look at who makes claims for ritual efficacy and who disputes such claims we learn a great deal about the social and historical contexts of such debates Moving from the pre modern era in which the notion of ritual efficacy was not particularly controversial into the skeptical present the authors address a set of debates between positivists natural scientists and religious skeptics on the one side and interpretive social scientists phenomenologists and religious believers on the other Some contributors advance a particular theory of ritual efficacy while others ask whether the question makes any sense at all This path breaking interdisciplinary collection will be of interest to readers in anthropology history religious studies humanities and the social sciences broadly defined and makes an important contribution to the larger conversation about what ritual does and why it matters to think about such things [The Problem of Ritual Efficacy](#) William Sturman Sax, Jan Weinhold, 2010 This collection of ten contributed essays explicitly addresses the question of ritual efficacy The authors do not aspire to answer the question how do rituals work in a simplistic fashion but rather to show how complex the question is [The Problem of Ritual](#) Tore Ahlbäck, 1993 *The Problem of Ritual* Tore Ahlbäck, Donnerska institutet för religionshistorisk och kulturhistorisk forskning, 1993 Collection of papers on ritualistics in religion including the study of shamans in various cultures the Norse myths and Scandinavian rituals *The Problem of the Old Testament Considered with Reference to Recent Criticism* James Orr, 1906 **The Problem of the Old Testament** James Orr, 1906 [Christian Worship and Its Cultural Setting](#) Frank C. Senn, 2004-01-20 This serious inquiry into the relationship between worship and its cultural setting can help pastors seminarians and other worship leaders steer a path between cultural capitulation on the one hand and cultural irrelevancy on the other in the ordering and doing of Christian liturgy Senn suggests that the interplay between cult and culture should be a transformation of culture as it is appropriated in Christian worship leading to an experience which is both a human activity and a transcendental event [Ritual in Human Evolution and Religion](#) Matt J. Rossano, 2020-10-04 This book explores the role of ritual in social life human evolution and religion It explains the functions and purpose of varied rituals across the world by arguing they are mechanisms of resource management providing a descriptive tool for understanding rituals and generating predictions about ritual survival By showing how rituals have resulted from the need to cultivate social resources necessary to sustain cooperative groups Rossano presents a unique examination of the function of rituals and how they cultivate mobilize and direct psychological
