Vampires ,2006-01-01 In the modern world vampires come in all forms they can be perpetrators or victims metaphors or monsters scapegoats for sinfulness or mirrors of our own evil What becomes obvious from the scope of the fifteen essays in this collection is that vampires have infiltrated just about every area of popular culture and consciousness In fact the way that vampires are depicted in all types of media is often a telling signifier of the fears and expectations of a culture or community and the way that it perceives itself and others The volume s essays offer a fascinating insight into both vampires themselves and the cultures that envisage them *Afflatus* Trudy Fox,2013 Long before biblical times dreams may have been a source of divine and creative impulses to push humanity to greater levels of awareness to initiate discoveries and to develop inventions Dreams have offered protection and guidance on the spiritual path towards the soul s divine purpose Ancient tribal priests medicine men and shamans often used dreams to foretell fortunes and direct the travels of nomadic tribes to ensure their survival and safe journey In *Afflatus A Collection of Dreams and Their Gnostic Influence on Human Evolution* author Trudy Fox presents a collection of historical events demonstrating how through spiritual intervention dreams have shaped the events of history and will continue to do so in the future Fox seeks to inspire you to pursue the insight guidance and ideas that may be transmitted during the sleep state She prompts everyone to pursue their heart s passions The stories shared are about ordinary people who achieved extraordinary things through their dreams There are those souls who at the right time in their personal evolution and the evolution of the world are open to receiving divine Gnostic inspiration *Afflatus A Collection of Dreams and Their Gnostic Influence on Human Evolution* aims to help you to become open to receiving divine guidance and through this awareness find your true meaning and purpose in life

12 Paleo Myths: Eat Better Than a Caveman , Got the Paleo blues Eating the perfect diet for your genetic blueprint but mysteriously feeling worse Think it s because you re not trying hard enough Think all these problems are due to the one croissant you had 6 months ago Think again There are some serious flaws with the Paleo Diet Sure many people lose weight when they switch over to a boring diet of mostly meat and vegetables and many see health improvements legitimate ones as happens when the nutrition content of a diet goes up dramatically But many get ravaged by it in the long term and there are clear obvious and very basic physiological reasons for it This book goes into great detail about these reasons includes a discussion of some of the most basic Paleo Diet tenets which are illogical or scientifically wrong And of course it includes valuable information on how to overcome and reverse some of the problems you may run into Read this if you have been seduced by paleo logic false promises and scientific fairy tales

Proceedings of the Second International Seminar : Misconceptions and Educational Strategies in Science and Mathematics ,1987 Myth and Geology Luigi Piccardi,W. Bruce Masse,2007 This book is the first peer reviewed collection of papers focusing on the

potential of myth storylines to yield data and lessons that are of value to the geological sciences Building on the nascent discipline of geomythology scientists and scholars from a variety of disciplines have contributed to this volume The geological hazards such as earthquakes tsunamis volcanic eruptions and cosmic impacts that have given rise to myths are considered as are the sacred and cultural values associated with rocks fossils geological formations and landscapes There are also discussions about the historical and literary perspectives of geomythology Regional coverage includes Europe and the Mediterranean Afghanistan Cameroon India Australia Japan Pacific islands South America and North America Myth and Geology challenges the widespread notion that myths are fictitious or otherwise lacking in value for the physical sciences
