Sleepy Time Dance:

Ancestral Presence Eric Hirsch,2020-12-28 Ancestral Presence tells a history that has more than one history in it while also telling the story of the relation between worlds For the Fuyuge people of the Papuan highlands the past is not history in a conventional sense For them the world and its history derive from a creator force called Tidibe which is central to Fuyuge cosmology the Fuyuge are at the centre of the world But Fuyuge people are part of another history too they have experienced decades of mission and government influence from centres of power located elsewhere to which their mountain home is marginal and remote Through a detailed exploration of Fuyuge myth changes to ritual life and cosmology Eric Hirsch weaves an account of the relationship between these two histories He documents the real changes wrought by colonialism government and Christianity from the late nineteenth century to the turn of the millennium Yet this is not a story of continuity and change Hirsch demonstrates how transformation was always central to Fuyuge life changes brought by missionaries and government were processes they themselves initiated in the ancestral past through Tidibe the cosmological creator force Engaging in debates that have been pivotal to Melanesian anthropology the book presents an ethnographically rich account of a distinctive world cosmology and ideas of historical change It also raises questions regarding assumptions central to Western History its worldview and ideas of historical time
