**Write the Perfect Book Proposal** Jeff Herman, Deborah Levine Herman, 2008-04-21 Want to publish your book Learn how it's easier than you think Charismatic authors and literary agents Jeff Herman and Deborah Levine Herman have successfully sold hundreds of titles and learned through trial and error how to write a flawless book proposal that publishers can't resist Now you can benefit from their hard work and publishing savvy In this new edition they offer guidance and advice that will inspire educate and most importantly give you the necessary edge to get your book published They explain How to shape your idea and create a title Ways to get to know the market and competition Tips on writing an effective outline query letter and sample chapter The art and science of fiction and nonfiction book proposals How ten actual proposals included here were successfully sold to publishers and why A submission from Jeff Herman always gets moved to the top his new book will show you how to move to the top Frederic W Hills Vice President Simon Schuster This book will take writers to the highest level of proposal writing and success Roger Cooper Quality Paperback Book Club If you want your proposal to ignite a busy editor's interest read this book Adrienne Hickey Senior Acquisitions Editor AMACOM Books

**Slimming with the elements of physiology and biochemistry** Aleksander Nowak, 2016-01-04 Aleksander Nowak biotechnologist and hygiene physiology expert In his guidebook he will show how to get slim and not to get sick at the same time By simple means Aleksander will teach you about the physiological and biochemical aspects of losing weight Once having read the book you will know how our organism gets energy from the food how to compose our diet according to the needs and condition of our body as well as how to practice physical activity sensibly Moreover you will also know dear Reader where the muscle stiffness comes from and how to exercise in order to achieve measurable slimming effects and a better frame of mind In this short guidebook you will certainly find precious tips as for the natural ingredients which should become a part of your daily diet to help you get slim and healthy since slimming should be reasonable pleasant and cheap

**Understanding Society and Natural Resources** Michael J. Manfredi, Jerry J. Vaske, Andreas Rechkemmer, Esther A. Duke, 2014-06-11 In this edited open access book leading scholars from different disciplinary backgrounds wrestle with social science integration opportunities and challenges This book explores the growing concern of how best to achieve effective integration of the social science disciplines as a means for furthering natural resource social science and environmental problem solving The chapters provide an overview of the history vision advances examples and methods that could lead to integration The quest for integration among the social sciences is not new Some argue that the social sciences have lagged in their advancements and contributions to society due to their inability to address integration related issues Integration merits debate for a number of reasons First natural resource issues are complex and

are affected by multiple proximate driving social factors Single disciplinary studies focused at one level are unlikely to provide explanations that represent this complexity and are limited in their ability to inform policy recommendations Complex problems are best explored across disciplines that examine social ecological phenomenon from different scales Second multi disciplinary initiatives such as those with physical and biological scientists are necessary to understand the scope of the social sciences Too frequently there is a belief that one social scientist on a multi disciplinary team provides adequate social science representation Third more complete models of human behavior will be achieved through a synthesis of diverse social science perspectives

**The Overland Monthly** ,1918 *The Seven Secrets of Slim People* Vikki Hansen,Shawn Goodman,1997 Explains why diets fail and tells how to develop healthy eating habits and avoid eating for emotional reasons
