The Religious Life:

The Secrets of the Religious Life, 1923 *First Steps in the Religious Life* Bernard J. Kelly, 1949 **The Religious Life** Georgia Harkness, Douglas V. Steere, 2013-10 This is a new release of the original 1953 edition *Introduction to the Spiritual Life* Louis Bouyer, 2013 A French convert to Catholicism in 1939 Louis Bouyer is a renowned theologian who was an influential presence at Vatican II His classic work *Introduction to the Spiritual Life* first published in English in 1961 and now brought back into print provides readers with an inspiring and comprehensive vision of Christian spirituality that is unmatched in its warmth lucidity and accessibility *Introduction to the Spiritual Life* is by author Louis Bouyer's own description a manual for practical use Much more than just a work of spirituality or apologetics it is a hybrid of both produced with an expertise and confidence borne of a lifetime of prayer and study It aims to cultivate interior growth through a thoughtful reasoned meditation on the spiritual meaning of the Gospel as proclaimed by the Catholic Church Catholics who read *Introduction to the Spiritual Life* will better appreciate how a life of prayer can be shaped and enriched by sound Christian doctrine *The Elementary Forms of the New Religious Life* Roy Wallis, 2019-03-19 This book first published in 1984 examines the whole range of new religious movements which appeared in the 1960s and 1970s in the West It develops a wide ranging theory of these new religions which explains many of their major characteristics Some of the movements are well known such as Scientology Krishna Consciousness and the Unification Church Others such as the Process Meher Baba and 3 HO are much less known While some became international others remained local in other ways too such as style belief organisation they exhibit enormous diversity The movements studied here are classified under three ideal types world rejecting world affirming and world accommodating and from here the author develops a theory of the origins recruitment base characteristics and development patterns which they display The book offers a critical exploration of the theories of the new religions and analyses the highly contentious issue of whether they reflect the process of secularisation or whether they are a countervailing trend marking the resurgence of religion in the West **Radical and Free** Brian O'Leary, 2017-05-12 This book is the result of two preached retreats I gave to mark the recent Year of Consecrated Life 2015 However the origin of the material goes much further back drawing on my teaching experience both at Manresa Centre of Spirituality and at Milltown Institute covering a period of thirty years In both places I had taught courses on religious life its history theology and most of all its underlying spirituality Indeed I have always used history and theology and other disciplines such as psychology and anthropology in service of exploring and renewing the spirituality of religious life Another way of saying this is that I am above all interested in values as appreciated appropriated and articulated This lies behind my decision to structure the talks now the book almost entirely around the vows After an initial chapter on the origins of religious life I devote two chapters each to poverty chastity and obedience My emphasis is not on the vows as such dealing with questions that Canon Law might raise but on the motivating values that the vows express Only these values can explain why people

enter and flourish in religious life All religious without distinction are called to be radical and free [A Treatise on the Religious Life](#) Innocent De Masson,2013-01-18 The translation of this little seventeenth century work might at first sight seem uncalled for today when the need for adapting the religious life to modern requirements is being stressed so much Yet whenever there is a question of adaptation it is always all the more necessary to insist on those essential elements without which the whole structure of the religious life would be ruined and it is with these essentials that our author is concerned It is this which imparts a timelessness to his writings in spite of the fact that his style is so very much of the period in which he lived And this is even more true in the twenty first century We must stay faithful to the timeless essentials of religious life Father Masson says Jesus Christ says that He is the vine and we are the branches and that His Father is the husbandman This is truth infallible and therefore we should consider ourselves as offshoots of this vine and united to it living only by its root and the unceasing inflow of its life on which our spiritual life entirely depends Of it we should expect everything nothing of ourselves We should rest on the vitality of its root which for its part will not fail us nor will its inflow cease for a moment to make us grow as long as a mischievous freedom does not deliberately separate us from the principle of our life like a branch tearing itself apart from its vine Dom Masson then asks What then is the Religt o1ts State It is a bulwark against the dangers of the world And later on he adds It is the school of self renouncement where we learn to deny ourselves to destroy our passions to uproot our evil habits Self renunciation is the first lesson of our great Master If any man has a mind to come My way let him renounce self This short little work is loaded with excellent advice for anyone who is contemplating the religious life or who wants to be a good religious

Personality fulfillment in the religious life Adrian VAN KAAM,1969 *Understanding the Religious Priesthood* Christian, OSB Raab,Brian E., SJ Daley,2020-10-14 Most contemporary theologies of Holy Orders consider priesthood mainly in its diocesan context and most contemporary theologies of religious life do not consider how ordained ministry functions when it is internal rather than external to religious life *Understanding the Religious Priesthood*

provides a history and theology of religious priesthood that contributes to our understanding of this vocation's identity and mission. It uncovers what religious priesthood shares with diocesan priesthood and non-ordained religious life and what makes it different from both those other vocations. Christian Raab begins by tracing the history of religious priesthood from its origins in the early Church to the eve of the Second Vatican Council. He demonstrates that religious priests often faced questions about how to reconcile their two callings but that they also provided answers in their theologies and spiritualities of priesthood and religious life. Meanwhile they made key contributions to the Church's life and mission. Raab then investigates the teachings of the Second Vatican Council on priesthood and religious life. Observing that the Council presented priesthood according to a diocesan typology and presented religious life without sacerdotal associations, he argues that the lack of imagery of religious priesthood contributed to a post-conciliar vocational identity crisis among religious priests. He then seeks to remedy this lacuna by appealing to the biblical images for religious priesthood. Hans Urs von Balthasar offered in his theology of vocations. Raab argues that Balthasar's imagery is a promising way forward for understanding the identity and mission of religious priesthood. In a final part, Raab provides a substantial theological articulation of religious priesthood which illuminates its liturgical signification, ecclesial mediation and mission, and ministerial identity. Here he draws not only from Balthasar but also from Pope John Paul II, Yves Congar, Jean Marie Tillard, Brian Daley and Guy Mansini to construct his profile.

Contemplation and Incarnation Christophe F. Potworowski, 2001-11-12

Relying on both Chenu's previously unpublished materials and his many publications, Christophe Potworowski examines the role of faith and contemplation in the Dominican life and in theology as well as considering the historical and social dimensions of the human situation in terms of individual and ecclesial existence. He discusses the prophetic role of the theologian and some of the problems this involves. Potworowski raises the question of how incarnation as an overall structure is related to the particularities of Christology and provides insights into the development of Catholic theology in the crucial period leading to Vatican II. The accompanying bibliography of Chenu's complete writings, unavailable elsewhere, is a valuable instrument of theological research.

The Westminster Pulpit vol. III G. Campbell Morgan, 2012-02-06

G. Campbell Morgan Reprint Series Foreword: If it is true that the measure of a person's greatness is their influence not only on his own time but on future generations, G. Campbell Morgan must be regarded as a great person. His greatness is seen not only in the wide impact of his ministry on both sides of the Atlantic but in the fact that his books are still read and studied sixty-five years after his death. Named one of the ten greatest preachers of the twentieth century by the contributing board of Preaching magazine, Morgan made the Bible a new

and living book not only to the congregations who listened to him but the vast multitude of persons who read his books. For sixty seven years Morgan preached and taught the Scriptures and served churches in England and the United States. What is remarkable is that his commentaries and expositions of the Bible still speak to persons of a new millennium. There have been many changes in the world since he faithfully preached and taught the Scriptures but the wide appeal of his books testify to the timelessness of his message. Although he held pastorates in the Congregational and Presbyterian denominations he had an ecumenical appeal to persons of all denominations and traditions. The mystic Thomas Kempis once wrote "He to whom the eternal word speaks is delivered from many opinions." In one of his sermons he referred to the words of Amos that there would be a famine for hearing the word of God. Amos 8:11. The timeless work of G Campbell Morgan addresses that hunger as his books enable his readers to get beyond opinions to the living Word. Wipf and Stock Publishers have rendered a great gift to the religious world in reprinting dozens of Morgan's books. This growing collection makes his books more available so that readers have an option other than searching the internet for used and often expensive copies. Among this collection is the classic *The Great Physician* and commentaries on the Gospel of Matthew and John. Persons seeking a living faith and a meaningful encounter with God would profit from reading any of these Morgan books. Near the end of his ministry in a sermon entitled *But One Thing* Morgan commented on how Portugal changed the words of a coin after Christopher Columbus discovered America. No longer did the inscription say *Ne Plus Ultra* nothing more beyond but *Plus Ultra* more beyond. It is the hope of the G Campbell Morgan Trust that the reprinting of these books will bring readers to the more beyond and an even deeper encounter with the Word in Scripture. The Morgan Trust: Richard L Morgan, Howard C Morgan, John C Morgan.

Sketches of the Christian Life and Public Labors of William Miller James White, 1875 **A Long Retreat** Andrew Krivak, 2008-03-04. A memoir of one man's quest to find his religious calling follows him in his journeys around the globe to his decision to enter the Society of Jesus and through his eight year reflection on the Gospel and the religious life during which he tested his desire to become a priest. Consecrated Religious Life Diarmuid Ó Murchú, 2005. In 1960 more than 1.3 million men and women religious served the Catholic Church. Today that number is under 900,000. When Diarmuid O Murchu a seminal thinker on religious life predicted this trend in the 1970s many dismissed him as a prophet of doom. Here he reimagines consecrated religious life as a process of birth, death, rebirth and paints a positive picture for the future that will again be different from that of the past but with the power to transform itself and flourish into the next century as something as fresh as daring as the founders' visions.
