

# THINK FEEL CARE

## EXPLORING COMPLEXITY

Think

Choose a system that involves several people. Select one person from the system and ask:

What does this person do in the system? How do you know?

Feel

If you were this person, how would you feel? Why would you feel that way?

Care

If you were this person, what would you care about? What would be important to you?

To help children think about different perspectives, choose a different person from the system and ask the questions again.
