War To Be One:

World War One Rupert Colley, 2013 Love history Know your stuff with History in an Hour *German Battlecruisers of World War One* Gary Staff, 2014-11-29 This is the most comprehensive study yet in the English language of the German Imperial Navy's battlecruisers that served in the First World War Known as Panzerkreuzer literally armoured cruiser the eight ships of the class were to be involved in several early North Sea skirmishes before the great pitched battle of Jutland where they inflicted devastating damage on the Royal Navy's battlecruiser fleet In this new book the author details their design and construction and traces the full service history of each ship recounting their actions largely from first hand German sources and official documents many previously unpublished in English Detailed line drawings and maps augment the text throughout as do a wealth of contemporary photos that depict the vessels at sea as well as in dock where details of damage sustained in action and many aspects of their design can be viewed in close up A superb series of full colour specially commissioned computer graphics show full length profiles and top down views of each ship in precise and clear detail This stunning book is a major new contribution to German naval history in this country and will become a must have volume on the shelves of historians enthusiasts and modellers and indeed for anyone interested in the navies of the First World War and steel warships in general **International Business in Australia before World War One** Simon Ville, David Merrett, 2022-09-29 This book challenges conventional wisdom by revealing an extensive and heterogeneous community of foreign businesses in Australia before 1914 Multinational enterprise arrived predominantly from Britain but other sender nations included the USA France Germany New Zealand and Japan Their firms spread out across Australia from mining and pastoral communities to portside industries and CBD precincts and they operated broadly across mining trading shipping insurance finance and manufacturing They were a remarkably diverse population of firms by size organisational form and longevity This is a rare study of the impact of multinationals on a host nation particularly before World War One and that focuses on a successful resource based economy Deploying a database of more than 600 firms supported by contemporary archives and publications the work reveals how multinational influence was contested by domestic enterprise other foreign firms and the strategic investments of governments in network industries Nonetheless foreign agency particularly investment knowledge and entrepreneurship mattered in the economic development of Australia in the nineteenth as well as the twentieth centuries This book will be of interest to students and researchers in Australian and international economic and business history the history of economic growth and scholars of international business The Medics of World War One Kevin Hargreaves, 2018-12-22 Medics takes a look at the role men played in the care of the sick and wounded during World War One There is a certain perception and certainly if one looks at the so called docudramas related to the injured servicemen during World War One it would appear that men played no role in the sick and injured men's care It would be very easy to get the impression that all the care was given by the Queen Alexandra's Imperial Military Nursing Service This is

not the case the care of the sick and wounded actually started in no man s land where they were cared for by the regimental stretcher bearers and the RAMC orderlies all the way down the line to the Casualty Clearing Stations and even in the General Hospitals Throughout the text we follow the journey of the wounded from no man s land down the evacuation chain to the general hospital in England and the colonies and illustrate the role that the male caregivers undertook in the care of the wounded
