to the Japanese code of Bushido a soldier captured alive had dishonored himself and his country so their new prisoners were often regarded with utter contempt Then Second Lieutenant Patrick Rafferty and his fellow Battling Bastards of Bataan had just forfeited the right to be treated humanely at least in the eyes of their captors Forced to march shoeless over sixty five miles northward in unbearable heat with no water or food men were routinely executed if they showed any signs of slowing the forward progress towards their internment camp Some estimates suggest that nearly 18 000 men perished during the infamous Bataan Death March bones and souls left unceremoniously in shallow graves on a dusty roadside Ghastly Japanese prison camps awaited those lucky enough to survive the Death March Long hard days of unrelenting slave labor under the watchful eyes and beating sticks of the prison guards drove many a young soldier to his early grave If the torture and executions did not take one s life any number of intestinal diseases could and often did Having no communication with the outside world the prisoners were assured the US and its allies had surrendered adding heavy layers of mental anguish on top of the gruesome physical toll endured Adding to this tortuous uncertainty prisoners like Rafferty were routinely shuffled to new locations sometimes via the notorious hell ships like Oryoku Maru where Allied soldiers were routinely drowned or murdered by the thousands often by friendly fire Still tales of unwavering friendship and camaraderie thread beautifully throughout Rafferty s account often charmed by his Boston Irish sense of humor offering well placed balance to the horrors Decades later then Lieutenant Colonel Rafferty would finally bravely share his long suppressed memories and the pain they brought Speaking into a handheld tape recorder with striking detail he revealed the true story of what he and his comrades endured Amongst other jaw dropping anecdotes from his three and a half years as a POW perhaps his most gripping personal horror was burying his sickly friend alive as a bayonet pointed into the back of his own neck to ensure the shoveling continued This then is a moving first hand account of survival at its most brutal core Records & Briefs New York State Appellate Division , **Everybody's Magazine** ,1914 **Ken Follett and the Triumph of Suspense** Carlos Ramet,2014-12-12 Ken Follett wrote his first international bestseller Eye of the Needle when he was 25 years old He has since been one of the most consistent international best selling authors with approximately 130 million copies of his books sold worldwide His manifold influences on the thriller genre includes the pioneering use of strong female characters in espionage stories and the development of the historical thriller as a new form of novel exemplified by Winter of the World 2012 This book is an investigation of Follett s development as an author and of the craft of writing and the negotiation of serious versus popular literary value from his earliest short stories and screenplays through his mature thrillers and entertainment fiction Unpublished materials are also considered including his notes business and personal correspondence unpublished drafts journal entries and outlines Follett s dramatic shift to writing historical fiction may be his most enduring legacy St. Nicholas Mary Mapes Dodge,1920 **National Fertilizer Review** ,1926 **Fertilizer Review** ,1928 **Ante-Nicene Christian Library** Alexander Roberts,Sir James Donaldson,1890 **The Philippine Agricultural**
