Schmidt,1930 [The Food of the Salamander Leurognathus](#) Bernard Stephen Martof,Donald Charles Scott,1957 *The Salamander (Classic Reprint)* Owen Johnson,2015-07-03 Excerpt from *The Salamander* Precarious the lot of the author who elects to show his public what it does not know but doubly exposed he who in the indiscreet exploration of customs and manners publishes what the public knows but is unwilling to confess In the first place incredulity tempers censure in the second resentment is fanned by the necessity of self recognition For the public is like the defendant in matrimony amused and tolerant when unconvinced of the justice of a complaint but fiercely aroused when defending its errors In the present novel I am quite aware that where criticism is most risked is at the hands of those entrenched moralists who while admitting certain truths as fit subjects for conversation aggressively resent the same when such truths are published Many such will believe that in the following depiction of a curious and new type of modern young women product of changing social forces profoundly significant of present unrest and prophetic of stranger developments to come the author in depicting simply what does exist is holding a brief for what should exist If the type of young girls here described were an ephemeral manifestation or even a detached fragment of our society there might be a theoretical justification for this policy of censure by silence But the Salamanders are neither irrelevant nor the product of unrelated forces About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an
