Trial Practice:

North Carolina Civil Trial Practice G. Nicholas Herman ,2014-09-01 North Carolina Civil Trial Practice is North Carolina's only and leading practitioner treatise on civil trial practice and procedure with application of the N C Rules of Evidence. There are a number of books for practitioners in North Carolina in various distinct subjects e.g. in torts workers compensation real property law family law North Carolina corporations North Carolina evidence Employment Law and North Carolina Criminal Procedure. However, there is currently no civil trial practice book available in North Carolina and this work fills that gap and is designed to be used by all civil trial lawyers in North Carolina whether plaintiff or defense oriented. North Carolina Civil Trial Practice comprehensively covers 1 the procedural and 2 substantive law of and 3 practice techniques for the trial of any North Carolina civil case from pre trial procedure mediation and all stages of a trial jury selection open statement direct and cross examination the jury charge conference and closing argument. In addition, the book covers a detailed application of the North Carolina Rules of Evidence as they relate to the foregoing and to making objections and offers of proof conducting direct and cross examinations including impeachment and rebuttal introducing exhibits and preserving the record for appeal. No current book in North Carolina addresses these matters. The book is thus distinct from any other North Carolina practitioner treatise and is designed 1 as the definitive resource for civil practitioners preparing for any trial bench trial or jury trial in any civil proceeding and 2 for ready use in court when counsel needs to quickly find out how to introduce a particular matter or item of evidence at trial or otherwise how to deal with any other matter occurring at trial. In sum, North Carolina Civil Trial Practice is the standard bible for all civil trial practitioners. *What You Didn't Learn in Law School about Trial Practice* Charles Bruess,2007 This book contains examples of effective and ineffective trial techniques that are seldom if ever taught in law schools. These examples are real not hypothetical and have been compiled from the author's experiences as A Navy JAG lawyer for three years A trial lawyer in practice for thirty years and A federal courtroom deputy for almost ten years. In this position he was able to observe over eighty trials and contested hearings as a neutral observer and to discuss with jurors at the conclusion of trials to learn what they considered effective and ineffective trial techniques. MR BRUESS graduated cum laude from both the University of Minnesota 1959 and the Indiana University School of Law 1963. From 1961-1962 he was a member of the Indiana Law Journal and was a Note Editor during the 1962-1963 school year. Upon graduation from law school he was selected for membership in the Order of the Coif. Following the completion of Officer Candidate School Mr Bruess served as a legal officer with the Judge Advocate General Corps of the United States Navy from 1964-1967. From 1967-1997 Mr Bruess was a trial lawyer with Barnes Thornburg in Indianapolis Indiana.
