## **Trial Process:**

**The Trial Process** Bruce Dennis Sales,2013-11-11 As noted in the Preface to Volume 1 in this series the goal of Perspectives in Law and Psychology is to provide a forum for books aimed at systematically interfacing the two disciplines Toward this end Volume 1 presented a collection of original writings focused on the criminal justice system that grew out of a conference held at the University of Nebraska at Lincoln Because that volume was based on conference proceedings however an attempt was not made to provide thorough coverage of all law psychology issues in the criminal justice system rather it highlighted a select few issues that were currently being investigated by some of the outstanding people in the field This volume differs substantially from the first in that it attempts to bring together those psycholegal scholars who are doing the major research on the trial process today and provides broad coverage of critical research on the trial Thus the chapters not only provide an extensive review of existing literature in this field but also present new contributions by these scholars
