War Bird:

War Bird Ace Jack Stokes Ballard, 2007-02-06 Capt Field E Kindley with the famous Eddie Rickenbacker was one of America's foremost World War I flying aces. Like Rickenbacker's, Kindley's story is one of fierce dogfights, daring aerial feats, and numerous brushes with death. Yet unlike Rickenbacker's, Kindley's story has not been fully told until now. Field Kindley gained experience with the RAF before providing leadership for the U.S. Air Service. Kindley was the fourth-ranking American air ace; his exploits earned him a Distinguished Service Cross with Oak Leaf Cluster from the United States and a Distinguished Flying Cross from the British government. In February 1920, during a practice drill, Kindley led some enlisted men unwittingly into the bombing target area. Buzzing the troops to warn them off the field, Kindley somehow lost control of his plane and died in the ensuing crash. Using arduously gathered primary materials and accounts of Great War aces, Jack Ballard tells the story of this little-known hero from the glory days of aerial warfare. Through this tale, an era and a daring flyer live again.

War Birds John MacGavock Grider, 1926 Colorado Warbird Survivors 2003 Harold A. Skaarup, 2002-12 Many examples of aircraft that saw service in the various armed forces of the United States are currently being restored to flying status or preserved in museums in the state of Colorado. Some of them have significant war records, and a few are currently standing as gate guardians outside their former airbases. These Warbirds are a permanent part of our modern history, and they deserve to be remarked upon and remembered. This handbook provides a simple checklist of where the surviving military aircraft in Colorado are located now, along with a few photographs and a brief history of their service in the U.S. military. This book should spark your interest in some of the military aviation history that can be found in the air museums and airports of this front-range state. Colorado Warbird Survivors is specifically intended to provide a where-are-they guide for residents and visitors to Colorado who are interested in its rich resources of historical military aircraft. Contact numbers are provided for the museums should you be interested in learning more about each aircraft. Perhaps you will then choose to visit these museums in order to appreciate the rich resources of aviation heritage preserved on your behalf.
