Warning Of War:

Warning of War James Brady, 2007-04-01 From the New York Times bestselling author of *The Marines of Autumn* a moving tribute to sheer courage determination and Marine Corps discipline Late November of 1941 Half the world is at war and with the other half about to join in a thousand U S Marines stand sentinel over the last days of an uneasy truce between the country and the Imperial Japanese Army in chaotic North China By November 27 FDR is convinced Japan is about to launch a military action Washington doesn't know where isn't sure precisely when But the Cabinet is sufficiently alarmed that War Secretary Henry Stimson and Secretary of the Navy Frank Knox are authorized to send an immediate and coded warning of war to American bases and units in harm's way In Shanghai two cruise ships are chartered and 800 armed American Marines are marched through the great port city with enormous pomp and circumstance and embarked for Manila Another 200 Marines unable to reach Shanghai and serving in small garrisons and posts from Peking to Mongolia and the Gobi Desert are caught short by this warning of war This is the story of how a detachment of American Marines marooned in North China as war erupts set out on an epic march through hostile territory in an attempt to fight their way out of China and somehow rejoin their Corps for the war against Japan A stunning and unflinching look at America at war decorated Marine veteran James Brady's *Warning of War* is a wonderful celebration of the nation in one of its darkest but finest hours

Warning about War Christoph O. Meyer, Chiara De Franco, Florian Otto, 2020 Explains how and when public and non public warnings about future conflicts affect decision making in Western states and international organisations *War with Russia* Richard Shirreff, 2016-09-27 The rapid rise in Russia's power over the course of the last ten years has been matched by a stunning lack of international diplomacy on the part of its president Vladimir Putin One consequence of this when combined with Europe's rapidly shifting geopolitics is that the West is on a possible path toward nuclear war Former deputy commander of NATO General Sir Richard Shirreff speaks out about this very real peril in this call to arms a novel that is a barely disguised version of the truth In chilling prose it warns allied powers and the world at large that we risk catastrophic nuclear conflict if we fail to contain Russia's increasingly hostile actions In a detailed plotline that draws upon Shirreff's years of experience in tactical military strategy Shirreff lays out the most probable course of action Russia will take to expand its influence predicting that it will begin with an invasion of the Baltic states And with GOP presidential candidate Donald Trump recently declaring that he might not come to the aid of these NATO member nations were he to become president the threat of an all-consuming global conflict is clearer than ever This critical chilling fictional look at our current geopolitical landscape written by a top NATO commander is both timely and necessary a must read for any fan of realistic military thrillers as well as all concerned citizens *The Warning of War* Charles Taber Congdon, 1862 [The World Says No to War](#) Stefaan Walgrave, Dieter Rucht, On February 15 2003 the largest one day protest in human history took place as millions of people in hundreds of cities marched in the streets rallying against the imminent invasion of Iraq This was

activism on an unprecedented scale The World Says No to War strives to understand who spoke out why they did and how so many people were mobilized for a global demonstration Using surveys collected by researchers from eight countries Belgium Britain Germany Italy the Netherlands Spain Switzerland and the United States The World Says No to War analyzes how the new tools of the Internet were combined with more conventional means of mobilization to rally millions many with little experience in activism around common goals and against common targets Contributors W Lance Bennett U of Washington Michelle Beyeler U Bern Christian Breunig U of Toronto Mario Diani U of Trento Terri E Givens U of Texas Austin Bert Klandermans Free U Amsterdam Donatella della Porta European U Institute Wolfgang R dig U of Strathclyde Sidney Tarrow Cornell U Peter Van Aelst U of Antwerp
