1. Defend your clan, even with your life.
2. Do not hunt or trespass on another Clan's territory.
3. Elders, queens, sick or injured cats and kits must be fed before apprentices and warriors.
4. Prey is killed only to be eaten. Give thanks to StarClan for its life.
5. A kit must be at least six moons old to become an apprentice.
6. Newly appointed warriors will keep a silent vigil for one night after receiving their warrior name.
7. A cat cannot be made deputy without having mentored at least one apprentice.
8. The deputy will become Clan leader when the leader dies, retires, or is exiled.
9. After the death, retirement, promotion (to leader status), or exile of the deputy, the new deputy must be chosen before moonhigh.
10. A Gathering of all four Clans is held every full moon, during which there is a truce that lasts the entire night. There shall be no fighting among the Clans at this time.
11. Boundaries must be checked and marked daily. Challenge all trespassing cats.
12. No cat can neglect a kit in pain or danger, even if the kit is from a different Clan.
13. The word of the Clan leader is the warrior code.
14. Warriors do not need to kill other cats to win their battles, except for cats outside the warrior code or if it is necessary for self-defense.
15. A warrior rejects the soft life of a kittypet.
16. Each Clan has the right to be proud and independent, but in times of trouble they must forget their boundaries and fight side by side to protect all Clans. Each Clan must help the others so that no Clan will fail.

The Code of the Warrior Shannon E. French, 2003-03-12 Warrior cultures throughout history have developed unique codes that restrict their behavior and set them apart from the rest of society But what possible reason could a warrior have for accepting such restraints Why should those whose profession can force them into hellish kill or be killed conditions care about such lofty concepts as honor courage nobility duty and sacrifice And why should it matter so much to the warriors themselves that they be something more than mere murderers The Code of the Warrior tackles these timely issues and takes the reader on a tour of warrior cultures and their values from the ancient Greeks and Romans to the barbaric Vikings and Celts from legendary chivalric knights to Native American tribesmen from Chinese warrior monks pursuing enlightenment to Japanese samurai practicing death Drawing these rich traditions up to the present the author quests for a code for the warriors of today as they do battle in asymmetric conflicts against unconventional forces and the scourge of global terrorism
