

Young Julius Caesar

Episode #1348

Everything Everywhere Daily

Young Caesar

Kathryn Welch

Young Caesar:

The Young Caesar Rex Warner, 1962 *The triumviral period: civil war, political crisis and socioeconomic transformations* Pina Polo, Francisco, 2020-07-08 Nothing from the subsequent Augustan age can be fully explained without understanding the previous Triumviral period 43 31 BC In this book twenty experts from nine different countries and nineteen universities examine the Triumviral age not merely as a phase of transition to the Principate but as a proper period with its own dynamics and issues which were a consequence of the previous years The volume aims to address a series of underlying structural problems that emerged in that time such as the legal nature of power attributed to the Triumvirs changes and continuity in Republican institutions both in Rome and the provinces of the Empire the development of the very concept of civil war the strategies of political communication and propaganda in order to win over public opinion economic consequences for Rome and Italy whether caused by the damage from constant wars or alternatively resulting from the proscriptions and confiscations carried out by the Triumvirs and the transformation of Roman Italian society All these studies provide a complete fresh and innovative picture of a key period that signaled the end of the Roman Republic [The Historiography of Late Republican Civil War](#) ,2019-07-29 The Historiography of Late Republican Civil War is part of a burgeoning new trend that focuses on the great impact of stasis and civil war on Roman society This volume specifically concentrates on the Late Republic a transformative period marked by social and political violence stasis factional strife and civil war Its constitutive chapters closely study developments and discussions concerning the concept of civil war in the late republican and early imperial historiography of the late Republic from L Cornelius Sulla Felix to the Severan dynasty

Queer Opera Andrew Sutherland, 2023-03-27 In *Queer Opera* Andrew Sutherland argues that operas often reflect characteristics of the society and epistime in which they are written but that they also do much more than that operas have agency LGBTQ social cultural and political issues have become an increasingly defining feature of twenty first century life and as agency for change composers have turned to opera to underscore the lived queer experience Sutherland posits that operas written before the sexual revolution of the mid twentieth century utilized a codified language both in the libretto and score communicating with those observers open to a queer reading He explores the growing trend of local small scale independent opera companies seen around the world towards the end of the first decade of the twenty first century and argues that this has emboldened queer artists to reclaim opera as a queer space He further argues that for several centuries opera houses have been safe havens for queer composers librettists performers and designers and yet it is only relatively recently that any serious attempt at queer representation in operatic works has begun to be realized In this book he examines narratives and music of selected operas to walk through queer history in Western societies and shines a light on how many of opera s well known characters based on historical figures who represent pivotal moments in the queer story are responsible in a variety of ways for the continued struggle for queer acceptance **Appian's Roman History** Kathryn

Welch,2015-08-31 Appian of Alexandria lived in the early to mid second century AD a time when the pax Romana flourished His Roman History traced through a series of ethnographic histories the growth of Roman power throughout Italy and the Mediterranean World But Appian also told the story of the civil wars which beset Rome from the time of Tiberius Gracchus to the death of Sextus Pompeius Magnus The standing of his work in modern times is paradoxical Consigned to the third rank by nineteenth century historiographers and poorly served by translators Appian s Roman History profoundly shapes our knowledge of Republican Rome its empire and its internal politics We need to know him better This collection of 15 new papers from a distinguished international team studies both what Appian had to say and how he said it The papers engage in a dialogue about the value of Appian s text as a source of history the relationship between that history and his own times and the impact on his narrative of the author s own opinions most notably that Rome enjoyed divinely ordained good fortune Some authors demonstrate that Appian s text and even his mistakes can yield significant new information others re open the question of Appian s use of source material in the light of recent studies showing him to be far more than a transmitter of other people s work *Caesar* Julius Caesar,1906 *The Young Caesar* Rex Warner,2013 Caesar reflects on the period prior to his leadership in Rome **Plutarch's Lives of Coriolanus, Caesar, Brutus, and Antonius** Plutarch,1906

Ancient Rome Christopher S. Mackay,2004 This volume is a short and comprehensive political and military history of ancient Rome from the origins of the city in the Italian Iron Age until the deposition of the last emperor in 476 AD Illustrated with the relevant art works from Rome s long history this volume will serve as a timely and up to date overview of one of the most extraordinary civilizations of human history *The Trail* Will C. Bishop,1919 *Cassius Dio and the Late Roman Republic* ,2019-08-26 Cassius Dio s Roman History is an essential yet still undervalued source for modern historians of the late Roman Republic The papers in this volume show how his account can be used to gain new perspectives on such topics as the memory of the conspirator Catiline debates over leadership in Rome and the nature of alliance formation in civil war Contributors also establish Dio as fully in command of his narrative shaping it to suit his own interests as a senator a political theorist and above all a historian Sophisticated use of chronology manipulation of annalistic form and engagement with Thucydides are just some of the ways Dio engages with the rich tradition of Greco Roman historiography to advance his own interpretations *Julius Caesar* Rex Warner,2008-02-29 Julius Caesar combines in one volume two of Rex Warner s most acclaimed historical novels The Young Caesar and Imperial Caesar The latter won the 1960 James Tait Black Memorial Prize for Fiction Together these two novels create one of the most compelling and substantial portraits in modern fiction of Caesar s remarkable life and times A very brilliant analysis of the emotional disciplines the political subtlety and the moral realism required to secure absolute power It is a remarkable historical reconstruction Angus Wilson Observer As a feat of sustained historical imagination Rex Warner s autobiography of Julius Caesar is an astonishing achievement A very wonderful book which grows in the memory C V Wedgwood This splendid books ranks with Graves s I Claudius and with Marguerite

Yourcenar's *Memoirs of Hadrian* as a near masterpiece of the re-creation of the ancient world. It will banish forever the boredom that often still lingers round one's memories of having to translate Caesar. Elizabeth Jennings, *The Listener* *Lives*
Plutarch, 1906 **Caesar's Son and Heir** Monroe Emanuel Deutsch, 1928 *Essays and Addresses of Robert Ashford*
