Social Principles And The Democratic State:

Social Principles and the Democratic State (Routledge Library Editions: Political Science Volume 4) S. Benn, R. S. Peters, 2013-04-15 This book originally published in 1959 makes explicit the social principles which underlie the procedures and political practice of the modern democratic state The authors take the view that in the modern welfare state there are problems connected with the nature of law with concepts like rights justice equality property punishment responsibility and liberty and which modern philosophical techniques can illuminate

A New Introduction to Jurisprudence Paul Cliteur, Afshin Ellian, 2019-03-28 A New Introduction to Jurisprudence takes one of the central problems of law and jurisprudence as its point of departure what is the law Adopting an intermediate position between legal positivism and natural law this book reflects on the concept of liberal democracy or constitutional democracy In five chapters the book analyses i the idea of higher law ii liberal democracy as a legitimate model for the state iii the separation of church and state or secularism as essential for the democratic state iv the universality of higher law principles v the history of modern political thought This interdisciplinary approach to jurisprudence is relevant for legal scholars philosophers political theorists public intellectuals historians and politicians

The Struggle for Democracy Christopher Meckstroth, 2015 Revolutionaries counter revolutionaries and reformers the world over appeal to democracy to justify their actions But when political factions compete over the right to act in the people s name who is to decide Although the problem is as old as the great revolutions of the seventeenth and eighteenth centuries events from the Arab Spring to secession referendums suggest that today it is hardly any closer to being solved This book defends a new theory of democratic legitimacy and change that provides an answer Christopher Meckstroth shows why familiar views that identify democracy with timeless principles or institutions fall into paradox when asked to make sense of democratic founding and change Solving the problem he argues requires shifting focus to the historical conditions under which citizens work out what it will mean to govern themselves in a democratic way The only way of sorting out disputes without faith in progress is to show in Socratic fashion that some parties claims to speak for the people cannot hold up even on their own terms Meckstroth builds his argument on provocative and closely argued interpretations of Plato Kant and Hegel suggesting that familiar views of them as foundationalist metaphysicians misunderstand their debt to a method of radical doubt pioneered by Socrates Recovering this tradition of antifoundational argument requires rethinking the place of German idealism in the history of

political thought and opens new directions for contemporary democratic theory The historical and Socratic theory of democracy the book defends makes possible an entirely new way of approaching struggles over contested notions of progress popular sovereignty political judgment and democratic change The Great Art of Government Peter Josephson,2002 Moving beyond previous scholarship he gives us a Locke as much concerned with the effective functioning of government as with the roots of its moral legitimacy BOOK JACKET *Studies in Politics and Society* ,1992 *Michigan School Moderator* ,1918 **Summer School Number** Kansas State College,1920 **Politeia** ,2006 English and Afrikaans with abstracts in English **Notable Australians** ,1978 **Announcement** University of Georgia,1921 Nature and Conduct Richard Stanley Peters,1975 **Political Violence** Ted Honderich,1976 Library Catalogue: Author catalogue University of London. Adopting the Beat of Appearance: An Psychological Symphony within **Social Principles And The Democratic State**

In some sort of eaten by screens and the ceaseless chatter of instantaneous communication, the melodic splendor and mental symphony produced by the published term often diminish into the backdrop, eclipsed by the persistent noise and interruptions that permeate our lives. However, situated within the pages of **Social Principles And The Democratic State** a stunning literary value overflowing with fresh emotions, lies an immersive symphony waiting to be embraced. Crafted by an elegant composer of language, this charming masterpiece conducts readers on a psychological journey, well unraveling the concealed tunes and profound influence resonating within each cautiously constructed phrase. Within the depths of the moving analysis, we will examine the book is main harmonies, analyze its enthralling writing type, and surrender ourselves to the profound resonance that echoes in the depths of readers souls.
