Cook,2014-01-27 Europe Since 1945 An Encyclopedia is a comprehensive reference work of some 1 700 entries in two volumes Its scope includes all of Europe and the successor states to the former Soviet Union The volumes provide a broad coverage of topics with an emphasis on politics governments organizations people and events crucial to an understanding of postwar Europe Also includes 100 maps and photos **Social Welfare in Denmark** Orla Jensen,1972 **Social Welfare in Denmark** Niels Halck,1961 *Denmark Today* Anders Georg,Søren Dyssegaard,Helge Knudsen,1979 **The Institutional Logic of Welfare Attitudes** Christian Albrekt Larsen,2016-02-24 Why are people who live in liberal welfare regimes reluctant to support welfare policy And conversely why are people who live in social democratic welfare regimes so keen to support it These core questions lie at the heart of this intriguing book By examining how different welfare regimes influence public support for welfare policy the book explores the institutional settings of different regimes and how each produces its own support While previous studies in this field have failed to link the macro structure of welfare regimes and the micro structure of welfare attitudes this book redresses this problem by combining welfare regime theory and literature on deservingness criteria alongside empirical evidence from national and cross national data While recent trends in welfare state development such as cuts in benefit levels and increased use of targeting combined with increased immigration might very well influence our perceptions of the deservingness of the needy this book provides a strong convincing and provoking argument that challenges the micro foundation of present comparative welfare state theory The result is an important work for all studying and working in the fields of public policy and social welfare *The Romanian Journal of European Studies* no.5-6/2007 , *Denmark* LeeAnn Iovanni,1999 **Social welfare in Denmark.
