

SOCIALIZING

THE RISE OF

THE LARGE

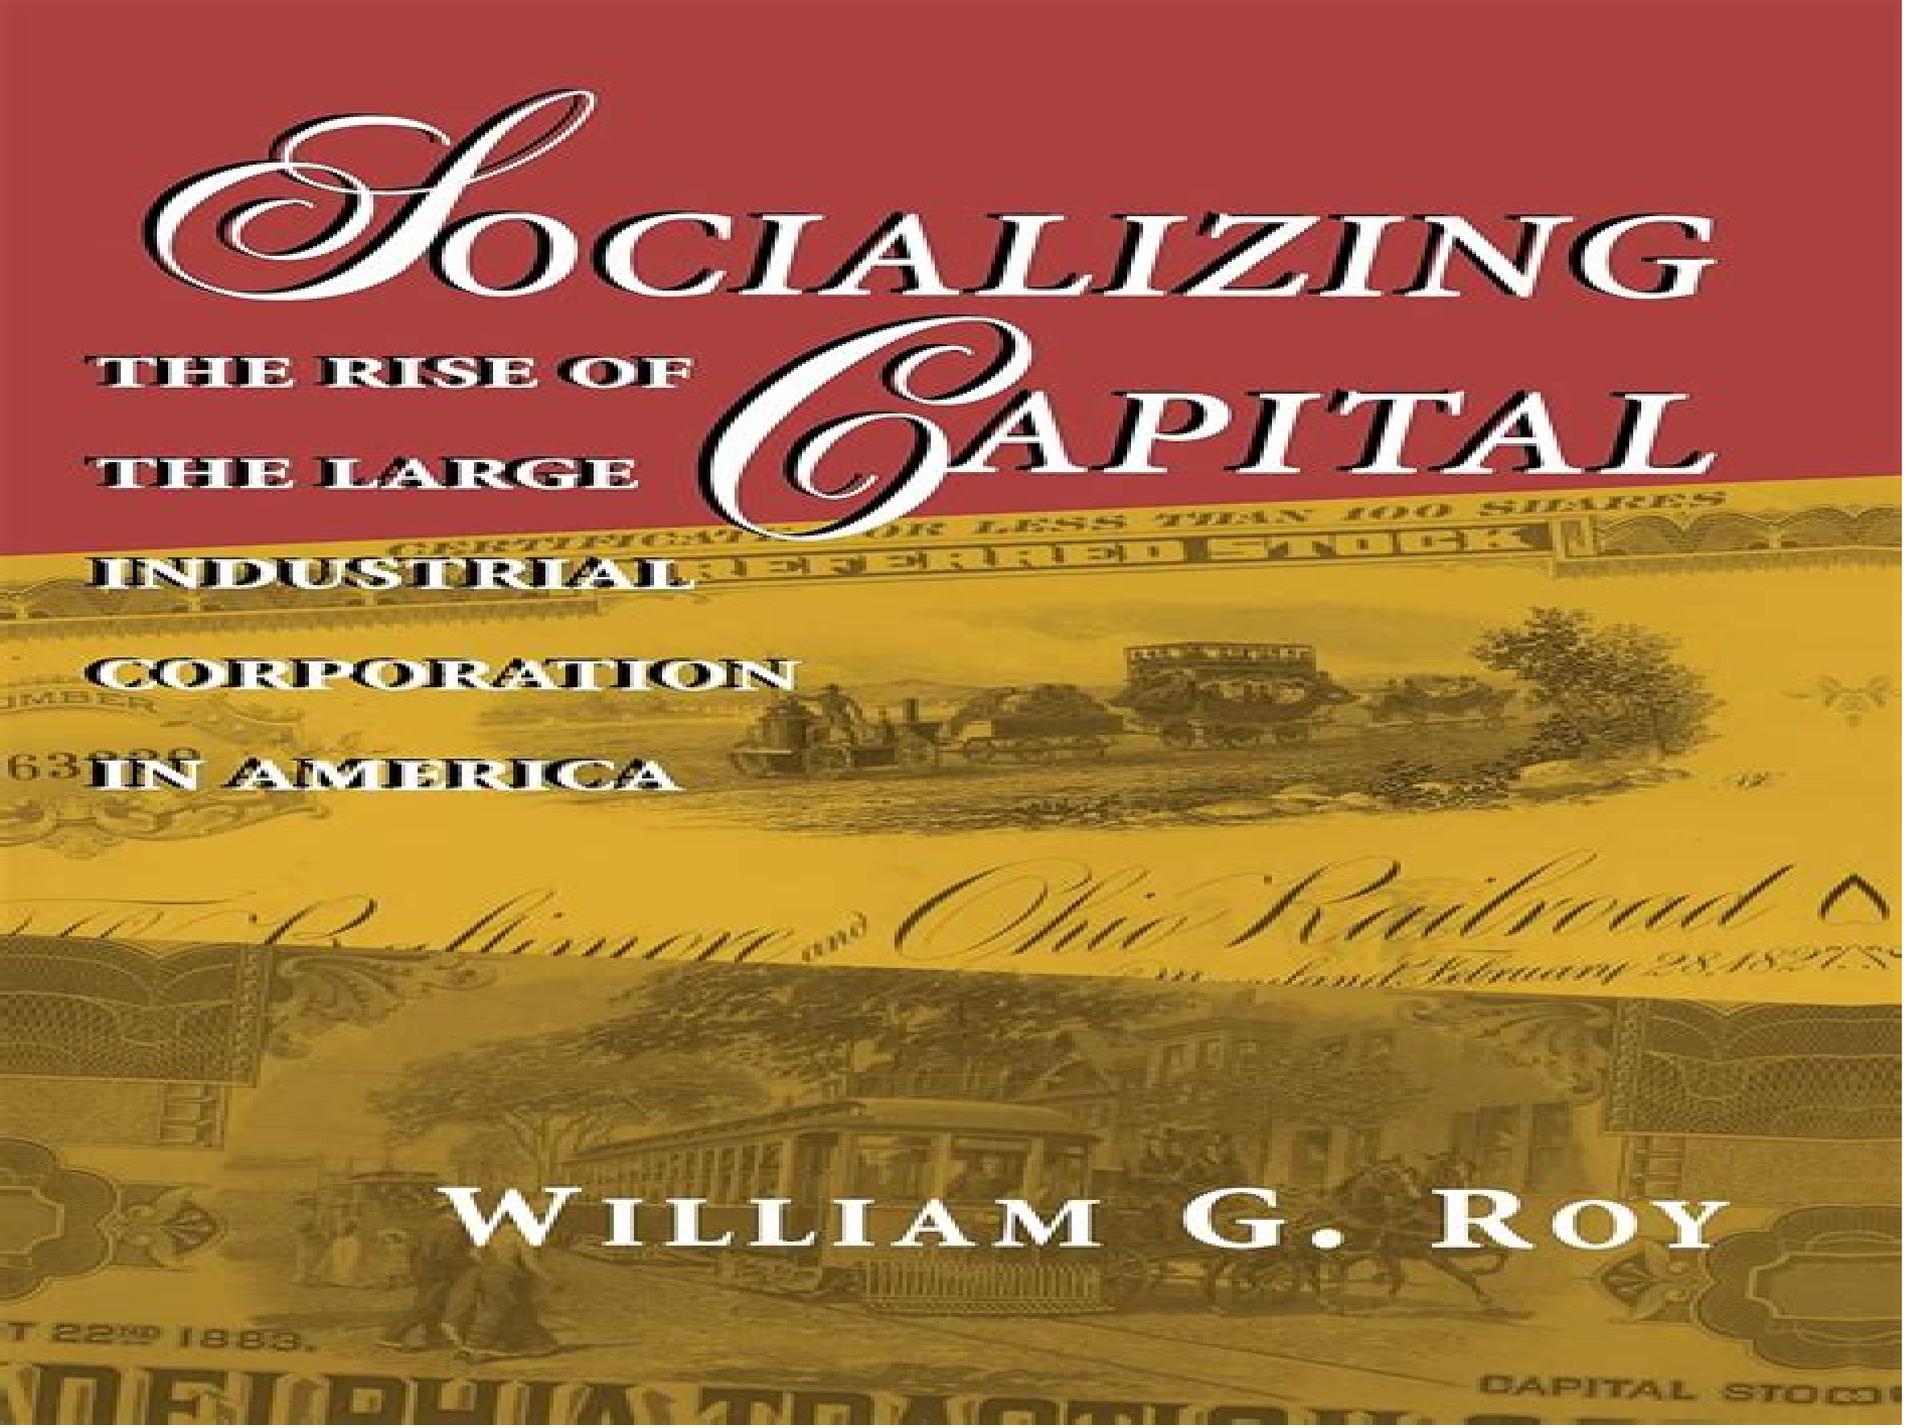

INDUSTRIAL

CORPORATION

IN AMERICA

CAPITAL

WILLIAM G. ROY

Socializing Capital

Jenny Anderson

Socializing Capital:

Socializing Capital William G. Roy, 1999-07-01 Ever since Adolph Berle and Gardiner Means wrote their classic 1932 analysis of the American corporation *The Modern Corporation and Private Property* social scientists have been intrigued and challenged by the evolution of this crucial part of American social and economic life Here William Roy conducts a historical inquiry into the rise of the large publicly traded American corporation Departing from the received wisdom which sees the big vertically integrated corporation as the result of technological development and market growth that required greater efficiency in larger scale firms Roy focuses on political social and institutional processes governed by the dynamics of power The author shows how the corporation started as a quasi public device used by governments to create and administer public services like turnpikes and canals and then how it germinated within a system of stock markets brokerage houses and investment banks into a mechanism for the organization of railroads Finally and most particularly he analyzes its flowering into the realm of manufacturing when at the turn of this century many of the same giants that still dominate the American economic landscape were created Thus the corporation altered manufacturing entities so that they were each owned by many people instead of by single individuals as had previously been the case [Review of William G. Roy, *Socializing Capital*](#) Frank Dobbin, 2014 William Roy's *Socializing Capital* addresses the question Adolph Berle and Gardiner Means tackled in 1932 Why corporations [Capital City](#) Thomas Kessner, 2004-04-07 At the beginning of the nineteenth century New York City was an undistinguished town competing with Philadelphia and Boston to be America's dominant port city Just two generations later it had built itself into the country's powerhouse center of trade and finance rivaled only by London as financial capital of the world In *Capital City* Thomas Kessner tells the story of this remarkable transformation With the advantages of its famous harbor and the opening of the Erie Canal in 1825 New York became the chief commercial center for the growing nation As the shipping industry prospered capital accumulated and a growing banking center emerged New York went on to finance the Union cause during the Civil War open the West to development and consolidate the national railroad system The city's energy and opportunity attracted ambitious men from all over the country whose names became synonymous with big business Vanderbilt Carnegie Rockefeller and Morgan New York's banks set the interest rates for the nation its stock exchange fixed the price of securities its investors transformed American business from family owned enterprises into modern corporations and its growing political clout catapulted public figures such as Samuel Tilden and Teddy Roosevelt onto the national stage Combining political and urban history with a colorful cast of characters *Capital City* chronicles how Gotham's Gilded Age reshaped the metropolis and the nation as it molded our present day economy *Community on Land* Janel M. Curry, Steven McGuire, 2002 Curry dean for research and scholarship Calvin College Michigan and McGuire sociology Muskingum College Ohio examine the European legacy of agriculture and colonization on American concepts of community and land Focusing on the social and environmental consequences they advocate community

governance as a policy alternative Annotation copyrighted by Book News Inc Portland OR *Capital's Duty to the Wage-earner* John Calder,1923 **Corporate Sovereignty** Joshua Barkan,2013-08-01 In Corporate Sovereignty Joshua Barkan argues that corporate power should be rethought as a mode of political sovereignty Situating analysis of U S British and international corporate law alongside careful readings in political and social theory he demonstrates that the Anglo American corporation and modern political sovereignty are founded in and bound together through a principle of legally sanctioned immunity from law *Strategizing Management Accounting* Chandana Alawattage,Danture Wickramasinghe,2018-08-30 The theory and practice of management accounting should be seen within the context of varieties of global capitalism to appreciate its role as a calculative technology of capitalism which is practiced on factory floors corporate boards computer networks spreadsheets and so forth This new textbook is the first to introduce the field from a rounded social science perspective Strategizing Management Accounting offers a theoretical discussion on management accounting s strategic orientation by accommodating two interrelated lines of analyses from historical and contemporary perspectives The book illustrates how new management accounting has evolved into the form in which it exists today in its neoliberal context and how those new management accounting practices have become manifestos for the managers as calculative technologies of decision making performance management control corporate governance as well as global governance and development within various forms of organizations across the globe Each chapter draws on Foucauldian analysis of biopolitics explaining how neoliberal market logic informs a set of strategies and mechanisms through which various social entities and discourses are made governable by considering them as biopolitical entities of global governance Written by two recognized accounting experts this book is vital reading for all students of management accounting and will also be a useful supplementary resource for those wanting to understand and research accounting s vital role in contemporary society **Socializing Capital, Capitalizing the Social** Jenny Anderson,2007 Journal of the Engineers' Club of Philadelphia and Affiliated Societies ,1923 *Proceedings of the Engineers' Club of Philadelphia* ,1924 *Announcement* Columbia College (Columbia University),1916 Modern Industrial Relations John Calder,1924 **The Radical Review** ,1917 **Engineers and Engineering** ,1923 **Commercial West** ,1925 *The Migration of British Capital to 1875* Leland Hamilton Jenks,1927 *Labor and Capital* John Punnett Peters,1902 **Lectures and Essays on Natural Theology and Ethics** William Wallace,1898 Transnational Corporations and China's Open Door Policy Weizao Teng,Nian-Tzu Wang,1988 **State Socialism and Anarchism** Benjamin Ricketson Tucker,1911

Socializing Capital Book Review: Unveiling the Magic of Language

In an electronic era where connections and knowledge reign supreme, the enchanting power of language has become much more apparent than ever. Its power to stir emotions, provoke thought, and instigate transformation is actually remarkable. This extraordinary book, aptly titled "**Socializing Capital**," compiled by a very acclaimed author, immerses readers in a captivating exploration of the significance of language and its profound impact on our existence. Throughout this critique, we will delve into the book's central themes, evaluate its unique writing style, and assess its overall influence on its readership.
