Some Freaks:

Some Freaks David Mamet,1991 Fads, Fakes, Freaks, Frauds, and Fools William Edward Shepard,1923

Supernormal Meg Jay,2017-11-14 Clinical psychologist and author of *The Defining Decade* Meg Jay takes us into the world of the supernormal those who soar to unexpected heights after childhood adversity Whether it is the loss of a parent to death or divorce bullying alcoholism or drug abuse in the home mental illness in a parent or a sibling neglect emotional physical or sexual abuse having a parent in jail or growing up alongside domestic violence nearly 75% of us experience adversity by the age of 20 But these experiences are often kept secret as are our courageous battles to overcome them Drawing on nearly two decades of work with clients and students Jay tells the tale of ordinary people made extraordinary by these all too common experiences everyday superheroes who have made a life out of dodging bullets and leaping over obstacles even as they hide in plain sight as doctors artists entrepreneurs lawyers parents activists teachers students and readers She gives a voice to the supernormals among us as they reveal not only How do they do it but also How does it feel These powerful stories and those of public figures from Andre Agassi to Jay Z will show supernormals they are not alone but are in fact in good company Marvelously researched and compassionately written this exceptional book narrates the continuing saga that is resilience as it challenges us to consider whether and how the good wins out in the end Poking a Dead Frog Mike Sacks,2014-06-24 A NEW YORK TIMES BESTSELLER NAMED A BEST BOOK OF THE YEAR BY NPR Amy Poehler Mel Brooks Adam McKay George Saunders Bill Hader Patton Oswalt and many more take us deep inside the mysterious world of comedy in this fascinating laugh out loud funny book Packed with behind the scenes stories from a day in the writers room at The Onion to why a sketch does or doesn't make it onto Saturday Night Live to how the BBC nearly erased the entire first season of Monty Python's Flying Circus *Poking a Dead Frog* is a must read for comedy buffs writers and pop culture junkies alike **Imagination in Transition** Bruce Barton,2005 The move from playwright to cinema screenwriter and director is a rare accomplishment No American writer has achieved this transition with the level of success enjoyed over the past two decades by David Mamet Over this same period Mamet has also authored a body of aggressive critical writing that demonstrates enduring aesthetic and ideological preoccupations regularly expressed as a set of confident best practices However the relationship between theory and practice becomes particularly and productively rowdy at the sites of Mamet's transitional media crossing *Imagination in Transition* establishes a flexible set of core characteristics of Mamet's dramatic and theatrical dramaturgy and then compares these with the textual and cinematographic strategies employed by Mamet in his initial transitional feature films This study then offers both an innovative approach to Mamet's work and an illuminating framework for cross media analysis The Business of Entertainment Robert C. Sickels,2008-11-30 We love to be entertained And today's technology makes that easier than ever Listen to tunes while working out No problem Watch a movie on your cell phone Can do Get 450 channels of digital entertainment bounced off a

satellite and into your vehicle even while traveling through empty wastelands Simple But behind these experiences is a complex industry dominated by a handful of global media conglomerates whose executives exert considerable influence over the artists and projects they bankroll the processes by which products are developed and the methods they use to promote and distribute entertainment As this set shows the industries in which commerce art and technology intersect are among the most fascinating in all of business Entertainment is a high stakes industry where stars are born and flame out in the blink of an eye where multimillion dollar deals are made on a daily basis and where cultural mores for better or worse are shaped and reinforced The Business of Entertainment lifts the curtain to show the machinery and sleight of hand behind the films TV shows music and radio programs we can t live without The Business of Entertainment comprises three volumes covering movies popular music and television But it s not all about stars and glitter it s as much about the nuts and bolts of daily life in the industry including the challenges of digitizing content globalization promoting stars and shows protecting intellectual property developing talent employing the latest technology and getting projects done on time and within budget Challenges don t end there There s also advertising and product placement the power of reviews and reviewers the cancerous spread of piracy the battles between cable and satellite operators and the threat to both from telephone companies the backlash to promoting gangsta lifestyles and more Each chapter is written by an authority in the field from noted scholars to entertainment industry professionals to critics to screenwriters to lawyers The result is a fascinating mosaic with each chapter a gem that provides insight into the industry that hands down generates more conversations on a daily basis than any other
