Some American History:

Papers of the American Historical Association ,1890 Annual Report of the American Historical Association American Historical Association,1908 The Economy of Early America Cathy D. Matson,2006-01-01 In recent years scholars in a number of disciplines have focused their attention on understanding the early American economy The result has been an outpouring of scholarship some of it dramatically revising older methodologies and findings and some of it charting entirely new territory new subjects new places and new arenas of study that might not have been considered economic in the past The Economy of Early America enters this resurgent discussion of the early American economy by showcasing the work of leading scholars who represent a spectrum of historiographical and methodological viewpoints Contributors include David Hancock Russell Menard Lorena Walsh Christopher Tomlins David Waldstreicher Terry Bouton Brooke Hunter Daniel Dupre John Majewski Donna Rilling and Seth Rockman as well as Cathy Matson **The American Historical Review** John Franklin Jameson, Henry Eldridge Bourne, Robert Livingston Schuyler, 1899 American Historical Review is the oldest scholarly journal of history in the United States and the largest in the world Published by the American Historical Association it covers all areas of historical research *Collision* Pete Gershon, 2018-09-10 Winner 2019 Ron Tyler Award for Best Illustrated Book sponsored by the Texas State Historical Association TSHA In this expansive and vigorous survey of the Houston art scene of the 1970s and 1980s author Pete Gershon describes the city's emergence as a locus for the arts fueled by a boom in oil prices and by the arrival of several catalyzing figures including museum director James Harithas and sculptor James Surls Harithas was a fierce champion for Texan artists during his tenure as the director of the Contemporary Arts Museum Houston CAM He put Texas artists on the map but his renegade style proved too confrontational for the museum's benefactors and after four years he wore out his welcome After Harithas's departure from the CAM the chainsaw wielding Surls established the Lawndale Annex as a largely unsupervised outpost of the University of Houston art department Inside this dirty cavernous warehouse a new generation of Houston artists discovered their identities and began to flourish Both the CAM and the Lawndale Annex set the scene for the emergence of small downtown artist run spaces including Studio One the Center for Art and Performance Midtown Arts Center and DiverseWorks Finally in 1985 the Museum of Fine Arts presented Fresh Paint The Houston School a nationally publicized survey of work by Houston painters The exhibition capped an era of intensive artistic development and suggested that the city was about to be recognized along with New York and Los Angeles as a major center for art making activity Drawing upon primary archival materials contemporary newspaper and magazine accounts and over sixty interviews with significant figures Gershon presents a narrative that preserves and interweaves the stories and insights of those who transformed the Houston art scene into the vibrant community that it is today *Catalogue ...* Illinois State University, 1928 *Socialism in America* John Albert Macy, 1916 Circular of Information of the Bureau of Education, for ... Bolton and the Historiography of the Americas** Russell Magnaghi,1998-08-20 The comparative approach to the understanding of history is increasingly popular today This study details the evolution of comparative history by examining the career of a pioneer in this area Herbert E Bolton who popularized the notion that hemispheric history should be considered from pole to pole Bolton traced the study of the history of the Americas back to 16th century European accounts of efforts to bring civilization to the New World and he argued that only within this larger context could the histories of individual nations be understood After American entry into the Spanish American War in 1898 historians such as Bolton promoted the idea of comparative history and it remains to this day a significant historiographical approach Consideration of the history of the Americas as a whole dates back to 16th century European treatises on the New World Chapter one of this study provides an overview of pre Bolton formulations of such history In chapter two one sees the forces that shaped Bolton s thinking and brought about the development of the concept Chapters three and four focus upon the evolution of the approach through Bolton s history course at the University of California at Berkeley and the reception of the concept among Bolton s contemporaries Unfortunately Bolton never fully developed the theoretical side of his argument thus chapter five chronicles the decline of his ideas after his death The final chapter reveals the survival of the concept which is now embraced by a new generation of historians who are largely unfamiliar with Bolton s instrumental role in the promotion of comparative history Collections of the Maine Historical Society Maine Historical Society,1876 **The Journal of the National Education Association** National Education Association of the United States,1923 **Godey's Lady's Book and Ladies American Magazine** ,1871 **Proceedings of the Mississippi Valley Historical Association** Mississippi Valley Historical Association,1911 Directory of the association to February 9 1924 v 11 pt 1 p 143 164
