The Dialogue Part One

Jason Graziano

The Dialogue Part One:

The Dialogue Part One Jason Graziano, 2004 In a sped up world the virtues of introspection reflection and contemplation are sometimes discarded As we rush to get to the bottom line on the numerous topics that we confront in the news and in our daily lives we can lose sight of the big picture as we narrow our focus on the seemingly most relevant details The result is a world awash in rash judgements harsh but empty sound bytes and self fulfilling prophecies where the answers are had before the questions are even posed This book is my reaction to such a world It is an attempt to inject more thoughtfulness into the great debates of our time and of the past However my solution at least in this book is not to delineate my answers to the philosophical problems of our world but to revel in the questions themselves To explore the many dimensions of the questions in order to gain deeper understanding of the issues in hopes of finding a middle ground between the distant poles involved in the debate This book is in no way an end to the conflict it is hopefully the beginning of a great discussion ... *Aldine*
