The New Jacobins:

The Jacobins Crane Brinton,2011-08-01 Originally published New York Macmillan Co 1930 *The New Jacobins; the French Communist Party and the Popular Front* Daniel R. Brower,1968 **The Jacobins** Karl Renner,2017-09-05 The Jacobins were the most famous of the political clubs that fomented the French Revolution Initially moderate they are remembered mainly for instituting the Reign of Terror Crane Brinton s *The Jacobins* was written in the 1930s itself a decade of the violent centralization of unchecked political power Brinton offers not an account of the actions of major figures but an anatomy of Jacobinism its membership beliefs and political platform the relations between the central Paris club and the regional groups and how it evolved from moderation to tyranny Brinton argues that when one considers the material facts about the Jacobins their social environment occupations and wealth one finds evidence of their prosperity to justify predicting for them quiet uneventful conservative thoroughly normal lives But when one studies the records of their proceedings one finds them violent cruel and intolerant The Jacobins present a paradox Their political being seems inconsistent with their actual intentions The Jacobins presented for a brief time the spectacle of men acting without apparent regard for their material interests As the brilliant new introduction by Howard G Schneiderman indicates this contradiction defines the Jacobins and perhaps most other revolutionary movements The New Jacobins Daniel R. Brower,1968

America the Virtuous Claes G. Ryn,2017-07-05 Urged on by a powerful ideological and political movement George W Bush committed the United States to a quest for empire American values and principles were universal he asserted and should guide the transformation of the world Claes Ryn sees this drive for virtuous empire as the triumph of forces that in the last several decades acquired decisive influence in both the American parties the foreign policy establishment and the media Public intellectuals like William Bennett Charles Krauthammer William Kristol Michael Novak Richard Perle and Norman Podhoretz argued that the United States was an exceptional nation and should bring democracy freedom and capitalism to countries not yet enjoying them Ryn finds the ideology of American empire strongly reminiscent of the French Jacobinism of the eighteenth century He describes the drive for armed world hegemony as part of a larger ideological whole that both expresses and aggravates a crisis of democracy and more generally of American and Western civilization America the Virtuous sees the new Jacobinism as symptomatic of America shedding an older sense of the need for restraints on power Checks provided by the US Constitution have been greatly weakened with the erosion of traditional moral and other culture
