**Transit**, 1890      *Transit* Ben Aaronovitch, 1992      **Doctor Transit** Isidor Schneider, 1925 Experimental science fiction novel with transgender themes A young couple John and Mary are dissatisfied with their sex roles each thinking that the other sex has the better of it They hear about the great Doctor Transit and discover that Transit can change sexes      **The Transit of Venus** Shirley Hazzard, 2021-03-09 The award winning New York Times bestselling literary masterpiece of Shirley Hazzard the story of two beautiful orphan sisters whose fates are as moving and wonderful and yet as predestined as the transits of the planets themselves A Penguin Classic Considered one of the great English language novels of the twentieth century *The Paris Review* *The Transit of Venus* follows Caroline and Grace Bell as they leave Australia to begin a new life in post war England From Sydney to London New York and Stockholm and from the 1950s to the 1980s the two sisters experience seduction and abandonment marriage and widowhood love and betrayal With exquisite breathtaking prose Australian novelist Shirley Hazzard tells the story of the displacements and absurdities of modern life The result is at once an intricately plotted Greek tragedy a sweeping family saga and a desperate love story      *British Experimental Women's Fiction, 1945–1975* Andrew Radford, Hannah Van Hove, 2021-08-23 This book scrutinizes a range of relatively overlooked post WWII British women writers who sought to demonstrate that narrative prose fiction offered rich possibilities for aesthetic innovation What unites all the primary authors in this volume is a commitment to challenging the tenets of British mimetic realism as a literary and historical phenomenon This collection reassesses how British female novelists operated in relation to transnational vanguard networking clusters debates and tendencies both political and artistic The chapters collected in this volume enquire for example whether there is something fundamentally different or politically dissident about female experimental procedures and perspectives This book also investigates the processes of canon formation asking why in one way or another these authors have been sidelined or misconstrued by recent scholarship Ultimately it seeks to refine a new research archive on mid century British fiction by female novelists at least as diverse as recent and longer established work in the domain of modernist studies      California. anglophone novels employ literary configurations of multi and translingualism without ignoring the ongoing validity of the monolingual norm in the international book market and the power differentials inherent in English This corpus of texts is therefore highly self conscious about the use of language As post monolingual novels stage exchange and movement between languages they also model in the realm of fiction new concepts of language In several case studies of contemporary anglophone post monolingual novels from different parts of the world the book demonstrates how the post monolingual in literature operates within different cultural and political contexts The readings of Arundhati Roy s *The Ministry of Utmost Happiness* Yvonne A Owuor s *The Dragonfly Sea* Marlon James A *Brief History of Seven Killings* J M Coetzee s *The Childhood of Jesus* and Ocean Vuong s *On Earth We re Briefly Gorgeous* propose theoretically and methodologically innovative ways of engaging with literary multi and translingualism While the analyses focus on the post monolingual poetics they also direct attention to the novels modes of production and circulation in the anglosphere *The American Booksellers Guide* ,1874
