Risk and Risk Management in Organic Farming, 2005

Just Food James E. McWilliams, 2009-08-26 We suffer today from food anxiety bombarded as we are with confusing messages about how to eat an ethical diet Should we eat locally Is organic really better for the environment Can genetically modified foods be good for you Just Food does for fresh food what Fast Food Nation did for fast food challenging conventional views and cutting through layers of myth and misinformation For instance an imported tomato is more energy efficient than a local greenhouse grown tomato And farm raised freshwater fish may soon be the most sustainable source of protein Informative and surprising Just Food tells us how to decide what to eat and how our choices can help save the planet and feed the world

Cultural Engagement Joshua D. Chatraw, Karen Swallow Prior, 2019-07-09 How should Christians approach important contemporary issues like war race creation care gender and politics Christians in every culture are confronted with social trends and moral questions that can be difficult to navigate But the Bible often doesn't speak directly to such issues Even when it does it can be confusing to know how best to apply the biblical teaching In Cultural Engagement A Crash Course in Contemporary Issues authors Joshua D Chatraw and Karen Swallow Prior first offer a broadly accessible framework for cultural engagement and then explore specific hot topics in current Western culture including Sexuality

Gender Roles Human Life and Reproduction Technology Immigration and Race Creation and Creature Care Politics Work Arts War Weapons and Capital Punishment Featuring contributions from over forty top thinkers proponents of various views on the specific topics present their approaches in their own words providing readers an opportunity to fairly consider options Unique in how it addresses both big picture questions about cultural engagement and pressing current issues Cultural Engagement provides a thorough and broad introduction useful for students professors pastors college ministers and any believer wanting to more effectively exercise their faith in the public square

World Agricultural Economics and Rural Sociology Abstracts, 2000 **A Green and Permanent Land** Randal S. Beeman, James A. Pritchard, 2001

Once patronized primarily by the counterculture and the health food establishment the organic food industry today is a multi billion dollar business driven by ever growing consumer demand for safe food and greater public awareness of ecological issues Assumed by many to be a recent phenomenon that industry owes much to agricultural innovations that go back to the Dust Bowl era This book explores the roots and branches of alternative agricultural ideas in twentieth century America showing how ecological thought has challenged and changed agricultural theory practice and policy from the 1930s to the present It introduces us to the people and institutions who forged alternatives to industrialized agriculture through a deep concern for the enduring fertility of the soil a passionate commitment to human health and a strong advocacy of economic justice for farmers Randal Beeman and James Pritchard show that agricultural issues were central to the rise of the environmental movement in the United States As family farms failed during the Depression a new kind of agriculture was championed based on the holistic approach taught by the emerging science of ecology Ecology influenced the permanent agriculture movement that advocated such radical concepts as long term land use planning comprehensive soil conservation and organic farming Then in the 1970s sustainable agriculture combined many of these ideas with new concerns about misguided technology and an over consumptive culture to preach a more sensible approach to farming In chronicling the overlooked history of alternative agriculture A Green and Permanent Land records the significant contributions of individuals like Rex Tugwell Hugh Bennett Louis Bromfield Edward Faulkner Russell and Kate Lord Scott and Helen Nearing Robert Rodale Wes Jackson and groups like Friends of the Land and the Practical Farmers of Iowa And by demonstrating how agriculture also remains central to the public interest especially in the face of climatic crises genetically altered crops and questionable uses of pesticides this book puts these issues in

historical perspective and offers readers considerable food for thought
