Schwartzstein s vignettes of each troubled region are vibrantly narrated as he encounters indignant locals and has run ins with menacing state security officials attempting to block his investigations into what they invariably consider a sensitive subject It s a riveting journey through a world running hot Publishers Weekly starred As a journalist on the climate security beat Peter Schwartzstein has been chased by kidnappers badly beaten detained by police and told in no uncertain terms that he was no longer welcome in certain countries Yet these personal brushes with violence are simply a hint of the conflict simmering in our warming world Schwartzstein has visited ravaged Iraqi towns where ISIS used drought as a recruiting tool and weapon of terror In Bangladesh he has interviewed farmers turned pirates who can no longer make a living off the land and instead make it off bloody ransoms Security forces have blocked him from a dam being constructed along the Nile that has brought Egypt and Ethiopia to the brink of war And he has heard the fear in the voices of women from around the world who say their husbands tempers flare when the temperature ticks up In The Heat and the Fury he not only puts readers on the frontlines of climate violence but gives us the context to make sense of seemingly senseless acts As Schwartzstein deftly shows climate change is often the spark that ignites long smoldering fires the extra shove that pushes individuals communities and even nations over the line between frustration and lethal fury What he asks can ratchet down the aggression Can cooperation on climate actually become a salve to heal old wounds There are no easy answers on a planet that is fast becoming a powder keg But Schwartzstein s incisive analysis of geopolitics unparalleled on the ground reporting and keen sense of human nature offer the clearest picture to date of the violence that threatens us all *Gazetteer of the*
