James E. Atwood

Taking America:

Gundamentalism and Where It Is Taking America James E. Atwood, 2017-01-09 Gundamentalism and Where It Is Taking America is the work of James Atwood a retired Presbyterian pastor and an avid deer hunter for half a century who has also been in the forefront of the faith community s fight for two constitutional rights the right to keep and bear arms and the right to live in domestic tranquility free of gun violence He explains why guns mystically control so many Americans and exposes the fallacies of the gun industry s spurious claim that firearms actually protect us He argues there are no bona fide scientific studies that show defensive guns save us from harm while there is voluminous research showing a defensive gun puts the owner and his or her family at greater risk Atwood s book which details his learning of a lifetime in the struggle for reasonable gun laws in America puts dependable social and theological analysis of our unique national epidemic into your hands along with scientific data that will provoke honest reflection and discussion for the building of a safer and saner America Questions for group discussion and suggestions for action are included **The Patriot's Guide to Taking America Back** Charles Kraut, 2011 Every American over the age of fifteen needs to read this book the Constitution of the United States is the most important political document in the history of the human race it enshrines natural rights instead of the terribly destructive human rights which are being forced upon us Very few Americans Understand The Constitution which is why our government has been able to trample and discard it with little or no protest The Patriot s Guide to Taking America Back explains in simple clear language exactly how far we have moved from the Constitution and why America faces so many problems today most of which have been caused by our government The Patriot s Guide offers a plan by which Americans may take America back To The Constitution and regain the sacred freedoms we seem to be willing to throw away If you think something is terribly wrong in America today you re right The Patriot s Guide will help you Understand The problem And The solution Taking America Back for God Andrew L. Whitehead, Samuel L. Perry, 2020-02-03 Why do so many conservative Christians continue to support Donald Trump despite his many overt moral failings Why do many Americans advocate so vehemently for xenophobic policies such as a border wall with Mexico Why do many Americans seem so unwilling to acknowledge the injustices that ethnic and racial minorities experience in the United States Why do a sizeable proportion of Americans continue to oppose women s equality in the workplace and in the home To answer these questions Taking America Back for God points to the phenomenon of Christian nationalism the belief that the United States is and should be a Christian nation Christian ideals and symbols have long played an important role in American public life but Christian nationalism is about far more than whether the phrase under God belongs in the pledge of allegiance At its heart Christian nationalism demands that we must preserve a particular kind of social order an order in which everyone Christians and non Christians native born and immigrants whites and minorities men and women recognizes their proper place in society The first comprehensive empirical analysis of Christian nationalism in the United States Taking America Back for God

illustrates the influence of Christian nationalism on today's most contentious social and political issues. Drawing on multiple sources of national survey data as well as in-depth interviews, Andrew Whitehead and Samuel Perry document how Christian nationalism shapes what Americans think about who they are as a people, what their future should look like, and how they should get there. Americans' stance toward Christian nationalism provides powerful insight into what they think about immigration, Islam, gun control, police shootings, atheists, gender roles, and many other political issues, very much including who they want in the White House. *Taking America Back for God* is a guide to one of the most important and least understood forces shaping American politics. *We the People, Taking America Back* Polly Nicolay, 2008-02.
