Baine Harris,1954      *The System of Plotinus* ,1924      **The Platonizing Sethian Background of Plotinus's Mysticism** Zeke Mazur,2020-10-12 In *The Platonizing Sethian Background of Plotinus s Mysticism* Zeke Mazur offers a radical reconceptualization of Plotinus with reference to Gnostic thought and praxis A crucial element in the thought of the third century CE philosopher Plotinus his conception of mystical union with the One cannot be understood solely within the conventional history of philosophy or as the product of a unique sui generis psychological propensity This monograph demonstrates that Plotinus tacitly patterned his mystical ascent to the One on a type of visionary ascent ritual that is first attested in Gnostic sources These sources include the Platonizing Sethian tractates Zostrianos NHC VIII 1 and Allogenes NHC XI 3 of which we have Coptic translations from Nag Hammadi and whose Greek Vorlagen were known to have been read in Plotinus s school      **The Origin of Western Mysticism** Plotinus,2000

Plato and Plotinus on Mysticism, Epistemology, and Ethics David J. Yount,2017 The ultimate experience the evidence of mysticism in Plato and Plotinus Epistemology Plato and Plotinus on knowledge Ethics Plato and Plotinus on happiness how to live and how not to live      **Plotinus' Mystical Teaching of Henosis** Pao-Shen Ho,2015 This book presents a philosophical interpretation of Plotinus mysticism in light of his metaphysics For Plotinus the ineffable One is immanent in man such that henosis always already pertains to his original condition So the point of Plotinus mystical teaching is not to change man s nature but to dispel his misconceptions about henosis      **The Wisdom of Plotinus** Sapientia Mundi Press,2025-10-23 Enter the luminous philosophy of Plotinus a vision where the soul the cosmos and the divine are one living light Long before mysticism had a language of its own Plotinus spoke of the One the boundless source of all being beyond thought and beyond form His Enneads are not mere speculation but an invitation to ascend inwardly to remember our origin and to awaken to the radiance that sustains the universe In these pages his vision comes alive once more a journey through emanation and return intellect and soul beauty and silence unfolding in flowing narrative and contemplative prose *The Wisdom of Plotinus* *The One the Soul and the Light of Intellect* traces the philosopher s path from the lecture halls of Alexandria to the quiet villa of his death illuminating the metaphysical structure of reality and the living mysticism at its heart Each chapter draws the reader closer to the still center where being and awareness meet revealing how the ancient teaching of unity still speaks to the restless mind of the modern world In this book you will find A deeply human portrait of Plotinus teacher mystic and quiet revolutionary of the inner life A lucid exploration of key ideas such as the One Nous Soul Beauty and the mystic ascent to

unity A contemplative narrative style blending history philosophy and lived experience A rediscovery of the roots of Western mysticism and the spiritual inward turn that shaped centuries to come This is more than a study of philosophy it is an immersion into the living presence of the divine within all things Readers who have walked with Plato Augustine Eckhart or the mystics of every tradition will find here the source that nourished them all the light of the One still shining still calling the soul home

Plotinus on the Good Or the One (Enneads VI, 9) P. A. Meijer, 1992 Amazing as it may be to this day few commentaries on the treatises of Plotinus Enneads are written The classic ninth treatise VI 9 in Porphyrius order for example has hardly been studied This treatise however is of vital importance because it is in this work that for the first time in the Enneads the One in its superform emerges and Plotinus dwells on the remarkable phenomenon of a mystical union of the soul with the One A thorough analysis of the argument and its development next to philosophical and philo logical support will be welcome to any reader of this intriguing but difficult treatise These aims are pursued in the main part of Meijer s work the commentary The first part of the book preceding the commentary examines the philosophical history of the concept of the One and its status in the first eight treatises This new approach to the problem of the One leads to striking conclusions It appears that while Plotinus was writing these first eight treatises the concept of the One developed from that of a Supreme Entity of a Mesoplatonian character viz the upper part of the mind to One of a Superone above mind This casts an entirely new light on the position of the One in Plotinus and that of the ninth treatise itself The third part not only examines the mystical union as pictured in the ninth treatise but also provides a full scale discussion of Plotinus descriptions of this union in his entire work The degree of unification viz the question whether a part of the mystic self remains intact during the unification is a matter of vigorous scholarly debate Meijer shows that in spite of some inconsistencies in his doctrine about the union one must accept that Plotinus basically considered the union as a complete absorption of the soul into the Supreme Entity

**The Riddle of Christian Mystical Experience** Paul Mommaers, 2003 A distinctive feature of mystical experience is that it is imageless Mystics of various traditions witness indeed to their going beyond all intermediaries so as to enjoy immediate union Understandably the idea of imageless immediacy is attractive and it is especially in vogue with those who hope to discover that different religious spiritualities converge if only the particularity of say the Christian way would be left behind However a crucial question arises here If mystical union consists in simply transcending what is part and parcel of the human condition where is its relevance Is the mystic as such in a position to be his or her human self thinking and loving enjoying and suffering Can he or she be active in the world of humankind Obviously it is especially in the Christian tradition that this matter comes to the fore as a radical difficulty For here there is the divine Image and Mediator so much so that the Humanity of Jesus ought to be integral to a person s union with God Perhaps the Christian mystic is such an extraordinary figure that the Humanity and all other images and intermediaries are for him or her at best a stepping stone that is bound to disappear The Riddle of Christian Mystical

Experience aims to clarify this issue by analyzing the writings of such visionaries as Julian of Norwich Teresa of Avila and Maria Petyt of the ecstasy minded masters Richard of Saint Victor Bernard of Clairvaux and Bonaventure describing Francis of Assisi s experience of the cream of the Flemish mystics namely Hadewijch and Jan van Ruusbroec Nevertheless the preference for the mystical text does not prevent the Riddle from drawing on the insights of modern philosophers such as Jean Paul Sartre and Jean Luc Marion when treating of images and idols or Michael Polanyi and Ludwig Wittgenstein when reflecting on intermediaries The main result of this procedure may come as a surprise Far from turning into a detached creature who forgets about the Humanity and the human the full fledged mystic is as a Flemish mystic puts it wholly in God where he rests in enjoyment and wholly in himself where he loves with works Experiencing union with intermediary and without intermediary the true Christian mystic is unimaged as well as imaged upon the humanity of our Lord through heartfelt affection *Return to the One* Brian Hines,2004 In the Enneads 3rd century mystic philosopher Plotinus synthesized a thousand years of accumulated Greek wisdom with his own profound mystical experiences What is the nature of God Of spirit Of soul In what fashion can God be realized How can the validity of spiritual experiences be tested Return to the One presents Plotinus s compelling answers to such ageless questions in a refreshing modern style Whatever your spiritual beliefs you will find yourself challenged and stimulated by Plotinus s matchless blend of rationality and mysticism

*Three Treatises Of Plotinus* Plotinus,2025-05-22 Three Treatises presents a selection of writings by Plotinus a major philosopher of antiquity and founder of Neoplatonism These treatises delve into profound metaphysical questions concerning the nature of reality the soul and the ultimate principle The One TM Plotinus s work represents a synthesis of Platonic and mystical thought seeking to explain the origins of the universe and humanity s place within it These writings offer insights into Plotinus s complex philosophical system which had a lasting influence on Western thought Exploring themes of transcendence emanation and the soul s journey Three Treatises provides a gateway to understanding Neoplatonism and its enduring appeal This work has been selected by scholars as being culturally important and is part of the knowledge base of civilization as we know it This work was reproduced from the original artifact and remains as true to the original work as possible Therefore you will see the original copyright references library stamps as most of these works have been housed in our most important libraries around the world and other notations in the work This work is in the public domain in the United States of America and possibly other nations Within the United States you may freely copy and distribute this work as no entity individual or corporate has a copyright on the body of the work As a reproduction of a historical artifact this work may contain missing or blurred pages poor pictures errant marks etc Scholars believe and we concur that this work is important enough to be preserved reproduced and made generally available to the public We appreciate your support of the preservation process and thank you for being an important part of keeping this knowledge alive and relevant *Five Books of Plotinus, Viz. on Felicity; On the Nature and Origin of Evil; On Providence; On Nature, Contemplation, and the One; And on*

**Select Works of Plotinus** Plotinus, 1895 [The Enneads](#)

Plotinus, 2005-06-30 Regarded as the founder of Neo Platonism Plotinus AD 204 70 was the last great philosopher of antiquity producing 0works that proved in many ways a precursor to Renaissance thought Plotinus was convinced of the existence of a state of supreme perfection and argued powerfully that it was necessary to guide the human soul towards this state Here he outlines his compelling belief in three increasingly perfect levels of existence the Soul the Intellect and the One and explains his conviction that humanity must strive to draw the soul towards spiritual transcendence A fusion of Platonism mystic passion and Aristotelian thought The Enneads offers a highly original synthesis of early philosophical and religious beliefs which powerfully influenced later Christian and Islamic theology *The Harvard Theological Review* , 1916
