Resources in Education, 1985 Serves as an index to Eric reports microform

The Future of Employment and Training Policy in Alabama, 1981

The Future of Higher Education Les Bell, Mike Neary, Howard Stevenson, 2009-03-11 The Future of Higher Education explores policy pedagogy and the student experience at a conceptual level enabling university staff to place their own work within a wider theoretical framework and to develop their own understandings of some of the key controversies that surround teaching and learning in higher education The book is divided into three parts Part 1 explores key policies that have shaped higher education since the late twentieth century and traces the impact that these policies have had on the extent and nature of higher education provision Part 2 explores how these emerging policies and the need for higher education institutions to respond to them have produced a radical re evaluation of what higher education is and how it might best be delivered at an institutional level Part 3 gives consideration to pedagogy and the student experience in contemporary higher education The Future of Higher Education will be invaluable to all university staff especially those following the PGCertHE and other programmes within institutional CPD frameworks It will also be of interest to researchers in this field

The Future of Work Charles B. Handy, 1984 Examines the place of work in society and discusses the possible future development of employment in Great Britain
