The 5x questions checklist for an effective hybrid workplace model

01 What do people want?

As mentioned above, a successful hybrid work strategy and hybrid workplace model can only work if it's designed for the people.

Before making any significant decisions or investments, it's important to understand the preferences, needs and expectations of the employees, IT staff, and all employees who will have to live with it.

The way to build a hybrid work model is to first ask what things will be on-site, and address the most common challenges that will arise.

Have you thought about how you could deliver a personalized employee experience? How will you support the employees' own needs as they work the workplace in full?

All decisions can be made by a few teams, the more people who have their say is...
