Sutherland, 2010-10-14 Remember worrying about the Y2K bug in 1999 Or life before Twitter Ten years ago September 11 was just another day Facebook didn't exist and Barack Obama was a little known state senator Some have called the jam packed first decade of the new millennium the ten year century for all of the history making life changing developments it's contained Now James Sutherland explores these influential years for the audience that's grown up in it putting history in context and explaining how the world is smaller faster and more connected than it's ever been and why it matters [A New Pension Settlement for the Twenty-first Century](#) Pensions Commission, 2005-11-30 The Pensions Commission is an independent body established by the Government to review the adequacy of current arrangements for private pensions and retirement savings in the UK and to make recommendations on appropriate policy changes including the option of moving to a compulsory system Following on from its first report ISBN 0117027804 published in October 2004 this second report sets out the Commission's conclusions on the likely evolution of

the UK pension system if policy is unchanged and makes recommendations for a new policy direction Recommendations are based on two key elements the automatic enrolment of employees into either a new National Pensions Savings System or into existing company pension schemes with an option for employees to opt out and with a modest compulsory employer matching contribution and reform of state pension provision in order to make it simpler to understand and less means tested The Commission concludes that these reforms will require some increase in public expenditure on pensions as a percentage of GDP over the next 45 years and that increases in state pension ages will be needed to keep that increase within sustainable levels over the long term The Commission presents a range of possible combinations of public expenditure and state pensions ages and calls for a public debate to consider these options It also recommends the establishment of a successor body to continue to review the situation and report to Parliament and government every four years
