By the Late William Surtees, Quartermaster** William Surtees,1833 Wellington's Light Division and the Invasion of Spain Robert Burnham,Ron McGuigan,2025-12-30 After evicting the French from Portugal in 1811 the Duke of Wellington went on the offensive having decided to attack into Spain and liberate the country To do this however he first had to capture the key border fortresses of Ciudad Rodrigo and Badajoz By doing this he would secure the main routes into Portugal and protect his supply lines By mid April in 1812 Wellington s forces had captured both fortresses and he began planning to move into central Spain to liberate Madrid Then by late July he fought and effectively destroyed the French Army of Portugal at the Battle of Salamanca and a month later was welcomed by the population of Madrid as its liberator However September saw the offensive stall and a gathering of French forces By October the order came to abandon Madrid and withdraw back to Portugal Wellington s army had to move quickly to avoid being cut off and its line of communication with Lisbon severed The retreat soon turned into a grueling slog in miserable weather with little food all the while the British troops were pursued by a relentless enemy hard on their heels It would be late November before the army reached the safety of the Portuguese border As in previous years the Light Division was in the thick of the fighting It was part of the assault force at both the storming of Ciudad Rodrigo and of Badajoz It led the army into Spain and was on the left flank at Salamanca It was one of the first units to march into Madrid and during the retreat it was part of the rear guard By the end of November 1812 the division was back in its cantonments around Ciudad Rodrigo It had however taken horrendous casualties at all levels over the past eleven months and it was only a shadow of itself Packed with first hand accounts and previously unpublished material these new sources especially the diaries permit us to check the movements and locations of the regiments the impact of over extended supply lines and the arrival of reinforcements and new commanders as never before revealed **Catalogue of the Library of the Royal United Service Institution** Royal United Service Institution (Great Britain).
