Twice And For Always:

A Treatise Explanatory of a New System of Naval, Military and Political Telegraphic Communication of General Application John Macdonald,1817 **Heinrich Himmler** Franz Wegener,2013-07-03 What at best has been mentioned in previous monographs about Himmler as the second most powerful man of National Socialism in passing the historian Franz Wegener develops in greater depth Himmler s mind was open to diverse occult influences originating in Germany as well as France Thus he wrote about a book of the German spiritualist Carl du Prel who experimented with hovering tables and mediums A small scientific work on a philosophical basis which truly has me believe in spiritualism and was the first to really introduce me to it He received Gaston de Mengel a British occultist who wrote for the mysterious occult group of the Polaires in Paris and who collaborated closely with the founder of the esoteric university in Nice As researched by Wegener Himmler purchased himself a manual for pendulum practice and pendulum magic and in this way came also in touch with the theory of the gnostic Od He believed in the transmigration of souls attempted to obtain horoscopes from a Munich astrologer and his various occult advisors and agreed with the hypotheses of Karl Heise *Okkultes Logentum* 1921 that occult powers were pulling the strings behind Communists Jews and Freemasons On this background Wegener does not allow Himmler s tendency about occult subjects pass as a mere private matter If Himmler s image of the enemy with respect to Freemasonry and Jews was fed also by occult patterns one can no longer speak of a private matter since the political and by no means private consequence of Himmler s occult world view must be called mass murder **Twice Loved** Alice King,1872
