The Warburgs Ron Chernow,2016-11-15 From the Pulitzer Prize winning bestselling author of Alexander Hamilton the inspiration for the hit Broadway musical comes this definitive biography of the Warburgs one of the great German Jewish banking families of the twentieth century Bankers philanthropists scholars socialites artists and politicians the Warburgs stood at the pinnacle of German and later of German American Jewry They forged economic dynasties built mansions and estates assembled libraries endowed charities and advised a German kaiser and two American presidents But their very success made the Warburgs lightning rods for anti Semitism and their sense of patriotism became increasingly dangerous in a Germany that had declared Jews the enemy Ron Chernow s hugely fascinating history is a group portrait of a clan whose members were renowned for their brilliance culture and personal energy yet tragically vulnerable to the dark and irrational currents of the twentieth century

Faebound Saara El-Arifi,2024-01-23 NATIONAL BESTSELLER Two elven sisters become imprisoned in the intoxicating world of the fae where danger and love lie in wait Faebound is the first book in an enchanting new trilogy from the Sunday Times bestselling author of The Final Strife A romantic fantasy of epic proportions crackling with magic and passion Samantha Shannon bestselling author of The Priory of the Orange Tree

AN ELLE AND BOOK RIOT BEST BOOK OF THE YEAR Yeeran was born on the battlefield has lived on the battlefield and one day she knows she ll die on the battlefield As a warrior in the elven army Yeeran has known nothing but violence her whole life Her sister Lettle is trying to make a living as a diviner seeking prophecies of a better future When a fatal mistake leads to Yeeran s exile from the Elven Lands both sisters are forced into the terrifying wilderness beyond their borders There they encounter the impossible the fae court The fae haven t been seen for a millennium But now Yeeran and Lettle are thrust into their seductive world torn among their loyalties to each other their elven homeland and their hearts Book One of the Faebound Trilogy Don t miss any of Saara El Arifi s magical Faebound Trilogy **FAEBOUND CURSEBOUND The Making of Modern China** Owen Lattimore,Eleanor Lattimore,2025-12-01 Originally published in 1945 at a time when China s importance in world affairs was growing this book examined the story of China s long past which explains her strengths and weaknesses and rightly predicted the role the country would play in the future of Asia and the world The book discusses the development of Chinese civilization and succeeds in making China accessible to the non specialist Important topics are discussed such as the role of democracy in China and its imperialist ambitions in the region **Ancient Israel in Egypt** Daniel Tompsett,2023-02-07 This book looks back over thousands of years to explore the period in Egyptian history when the Bible identifies that Ancient Israel was resident in Egypt It asks and answers one very simple question What new things can we learn about this period of history if we treat the Bible as a valid historical document Whereas this topic is often approached from either the perspective of the Bible or Egyptology this work genuinely attempts to occupy the ground between the two It uses Scripture like a torch carried into the deepest recesses of the established historical facts and theories concerning the late Middle Kingdom period the Second Intermediate period and the early New Kingdom period in Egyptian history Along the way it considers some of the latest discoveries innovations and theories from the world of Egyptology and unearths a trove of tangible points of connection As such the narrative forms a two way perspective where the biblical account illuminates stubbornly opaque moments in Egyptian history and chronology and where the meticulous work of Egyptologists provides appropriate additional background to the Bible The result is a sharper perspective of an ancient account that has a surprisingly current application for us all Substance of the Ancient Maya Andrew K. Scherer,Thomas G. Garrison,2024-12-01 Substance of the Ancient Maya Kingdoms and Communities Objects and Beings collects twelve essays by top scholars that highlight what is new in research pertaining to the ancient Maya Subjects range from updated political histories of major kingdoms in the southern Maya Lowlands to explorations of the nature of Maya writing and materiality These essays were inspired by the scholarship of Stephen Houston and celebrate his transdisciplinary commitment to research in anthropological archaeology epigraphy and art history The contributions in this volume are organized into two sections that respectively reflect different scales from which to approach the substance of the ancient Maya from hand held objects to entire kingdoms This dichotomy reflects the breadth of questions central to current research

on the Maya It also illustrates how certain themes such as the relationship between the living and the realm of the supernatural are fundamental to both thinking by and about the Maya at all scales A diversity of methods is not only embodied by this assemblage of essays but is also spread equally across the two sections of the book illustrating that archaeologists epigraphers geographers and art historians can equally contribute to the substance of kingdoms and communities as they can to objects and beings Collectively these contributions show how the objects and beings that composed the Classic Maya world were both literal and sacred substances that mediated relations not only among living people but with gods and ancestors A final chapter by Stephen Houston reflects on unfinished projects of the ancient Maya as a metaphor for all of the work yet to be done to move forward in our studies of the past
