

An illustration of Jesus standing on the left, wearing a brown robe and pointing upwards with his right hand while gesturing towards the ground with his left. He is addressing a group of people whose heads and shoulders are visible in the foreground. The background is a warm, golden-yellow sky with soft clouds. The text is overlaid on the right side of the image.

the bestselling Heaven offers daily meditations Scriptures and inspirational quotes that will enable you to grasp more fully the grace God has lavished on us and give you a bigger view of God's love for those who are his. We've grown too accustomed to grace we need to be astounded by it. God's grace didn't get us going and then leave us to get by on our works. There's only one requirement for enjoying God's grace being broke and knowing it. Come explore the many facets of God's grace and fall more in love than ever before with the One who is full of grace and truth.

**The Standard**, 1927 *The Amazing Travels of Cerrjin Dy* Appleton Schneider, **The O.E. Library Critic**, 1917 **How to Beat the Democrats, and Other Subversive Ideas** David Horowitz, 2002 Behind all the bipartisanship dimpled Chad Democrats are sharpening their knives for 2002. But David Horowitz whose *Art of Political War* helped put George W. Bush in the White House is back with an indispensable manual for wartime politics. If the Democrats thought we'd forget who demoralized our military eviscerated the CIA and let America become a playground for terrorists they're in for a rude awakening. *How to Beat the Democrats* makes sure it won't be politics as usual in 2002. For Democrats politics is permanent war. Every conflict is a contest for power every battle is about burying their enemies. Republicans with racial shakedown artists and intolerant progressives rearing their heads at home and terrorists striking at us from abroad. Horowitz's uncompromising and principled commitment to freedom is more needed than ever. Horowitz's opening salvo shows why the Democrats can't be trusted with the nation's security. For years the party has subordinated sound defense policy to a radical ideology untamed even by September 11. Horowitz's unmatched strategic powers are on full display in his enumeration of the principles for a winning political campaign which he then applies to the specific issues that will shape the 2002 election. Returning to the subject of war he concludes with an exposé of the anti-American escapades of Noam Chomsky and his comrades of the unrepentant left. In *How to Beat the Democrats* you'll learn the four fundamental principles of politics. Six lessons from the near heist of the 2000 election. Democratic plans for revenge in 2002. Horowitz's bold strategy for GOP victory. How the left still tries to undermine American defense.
