Powder Burn Daniel Glick, 2009-02-23 In October 1998 an arson caused 12 million in damage at Vail the country's largest ski area A shadowy radical environmental group called the Earth Liberation Front claimed credit for what the FBI called the costliest act of ecoterrorism in U S history But as it turns out credible suspects were everywhere since Vail was owned by a New York investment firm that had alienated a wide swath of Colorado's high country residents Who couldn't have done this wondered a local sheriff's investigator More than a clever whodunit *Powder Burn* scrapes away the glitz of America's premier ski destination to reveal a cautionary tale about runaway opulence and rapid change in the New West As the *Denver Post* put it Vail is a microcosm of the disputes over growth raging across the Rockies and Glick's take on the fire helps to fan the flames Packed with odd characters and paranoia with beautiful mountains and despicable actions *Powder Burn* is about corporate greed the environment a small town and a mysterious unsolved crime As Vail celebrates its fortieth anniversary with a full season of hoopla and self promotion this book makes compelling reading for skiers true crime enthusiasts or anyone interested in the environmental social and political issues raised by the evolution of the new West
